

Dorm Phones Now on 5051

A new and greatly enlarged dormitory telephone system opened for service Sunday. Moved from Atherton Hall to the new Simmons Hall as part of a College expansion program, the new switchboard will serve all men's and women's dormitories on campus. The campus dormitory number remains 5051.

Each room in Atherton, McElwain and Simmons Halls will have a telephone and a number of pay stations will be located in the halls and administrative places. Approximately 75 telephones will be located in the other dormitories.

On calls into the dormitories, service will be facilitated if the dormitory name and room number are given to the operator. In Pollock Circle and Nittany Dorms, the number of the dormitory should be given. Calls to McAllister, Grange and Tri-Dorms will be hastened if the floor number of the individual being called is mentioned.

The telephone service is entirely manual and the switchboard seats eight operators. As all of the dormitories are not completed it is doubtful that more than six operators will be used at present. The two-position switchboard in Atherton Hall has been disconnected.

There will be no change in policy or type of system, with the same rules and regulations as previously observed in effect, according to Robert V. Sigworth, supervisor of utilities. Sigworth also stressed that students will be responsible for limiting calls to five minutes. Operators will be able to interrupt any call for an
