

## Nittany Team Ready for Bisons

Continued from Page Four  
 plug in the Nittany backfield, the replacements for this important position are rather weak and this spot is a danger point in the Higgins lineup.

COLONE

In the fullback spot Captain Joe Colone will hold sway. Colone, a 200-pound plunging ball carrier, will be spelled by Franny Vogel while in the tailback spot Bill Luther will receive the nod with Petchel ready to step in to relieve him.

Should the home team win the toss and elect to kick, Larry Joe and Larry Cooney will step into the starting lineup, while if the Lions kick, the lineup will remain the same with Wally Triplett doing the booting for the Blue and White.

For the extra-point duty of the squad, Carl Sturges, placement specialist, will be called into the game. The 165-pound place-kicker wears no pads or injury protection other than a helmet when he performs on the field.

"Poor blocking was the main reason for our late start last Saturday against Alfred," explained Harry L. Lawrence, Bucknell mentor, "but the boys will begin on the right foot at State."

The Bisons will field a much more experienced and tougher

squad than they brought to the Lion lair last season to absorb a 54-0 drubbing. Featuring Jim "Smokey Ostendarp," sophomore sensation from Baltimore, and Frannie Lore, 210-pound blocking back from Trenton, N. J., the Thundering Herd will be aiming for a win in Saturday's tilt.

A superior punter and a hard-running halfback, Ed Stec, and last year's mainstay, Cal Seaman, also will carry the mail in tomorrow's encounter.

Averaging 198 pounds per man in the varsity line and 208 pounds in the reserve forward wall, the Orange and Blue will present a formidable squad in its attempt to back up its pre-game prediction that "it can be done."

## Sturges-

(Continued from page five)

ball, Sturges plants himself about 10 yards from the goal line and splits the uprights with kicks from his educated toe.

Since his entire job will be placements, Sturges' football regalia is quite different from the usual equipment worn by the regulars. A pair of square-toed kicking shoes, a pair of moleskins sans pads, and a jersey and helmet is all that the Lions' specialist needs for his "occupation."

Oh yes, he is now missing one or two tries out of a hundred in practice, but he hopes to improve this mark by the time the Lions meet Bucknell Saturday.

## Football Managers

Sophomores were urged yesterday by the present football managerial staff to try out for second assistant grid manager. There are still openings to be filled by sophomore candidates.

Prospective football managers may register in 107 Old Main and then report to the Water Tower any practice day after 4 p. m.

## Jayvee Booters Battle Cadets

Lion jayvee soccer men open their abbreviated two-game schedule today against Army's juniors at West Point.

Coach Bill Jeffrey, who is a firm believer in giving his reserves as much game experience as possible, took a contingent of 10 jayvee booters with him.

Although he was undecided as to his starting eleven in several positions, Jeffrey named his probable lineup yesterday. "Red" Emig and Jim Kline seem to have things under control at their fullback positions and Jim Doman is a certain starter as goalie.

Five booters are vying for starting honors for the three halfback slots. They were Dave Dawson, Jim Eters, Bob Tscheningger, Dick Young and "Bud" Pierce.

## Soccermen Tackle Army In '48 Season Opener

This afternoon Lion booters receive their baptism under fire when the Jeffrey men are the target of Army's big guns at West Point.

The contest will be the curtain-raiser for both teams with the Lions seeking revenge for the narrow 2-1 beating that the Cadets handed them last season.

It is a team of better-than-moderate experience that Jeffrey pits against the Army soccer men. The veteran Scot can depend on the services of eight returning lettermen from last year's aggregation which had a 5-2-1 record.

### 1945 LETTERMEN

But to add to Jeffrey's streak of good fortune there are three varsity "S" winners back from the 1945 team. They are Harry Little, "Red" Emig and Jim Doman.

For the man who holds one of the most enviable won-and-lost records at the College, the future looks bright. Today's game marks the start of Jeffrey's twenty-third season at the Penn State soccer helm.

Shortly before leaving for West Point yesterday Jeffrey announced his starting lineup. Team captain Dean Witmer starts at his inside right post with veteran Hal Hackman playing next to him on the flank.

Sam Axe received the starting nod at center forward when George Phillips, regular center, was injured during practice ses-

sions earlier this week. A sophomore standout last season, Ted Lieb, starts at outside left with Harry Little filling in at inside left.

### KRAYBILL

Bill Kraybill, an ex-Lancaster booter, received the nod at left halfback with Dick Hanna starting at the right half slot. Sparkplug Ralph Rosterman plays from his usual center half post.

Deciding on the starting fullbacks was a hard job. The veteran coach is overflooded with talent in that defensive position. Last year's regulars, Frank Taucher and Chuck Margolf, finally earned starting posts.

Lanky Ed Watson, a standout at Lock Haven two years ago, earned the starting goalie spot. Gilbert Yerkes will be counted upon for relief duty at one of the halfback spots. Jeffrey expects to use Harry Lawroskie for relief in the forward line.
