All veterans studying under the GI Bill, including those who have not received their certificates of eligibility, are asked not to pay their fees on Friday.

Sophomores are asked to include their activities at their center.

Elections will be held October 20 and 21 from 9 a. m. to 4 p. m. From a preliminary list of 40 names chosen by the incumbent members of the Council 25 will be elected to the Council. Choice will be based on scholarship and activities.

NCTP Exams Announced

Competitive examinations for the Navy's college training program, open to male high school seniors and graduates between the ages of 17 and 21, will be conducted December 11, 1948, the Navy announced recently.

The program provides a four-year college education with tuition, books and normal fees paid by the government, in addition to \$50 a month pay for four years. Upon graduation, all students are required to serve two years as commissioned officers in the regular Navy or Marine Corps, after which they may apply for retention in the regulars or transfer to the Reserve.

Candidates will take an aptitude test, and if successful in passing, will be interviewed and given physical examinations. Their cases will then be submitted to selection committees to fill quotas assigned to states and territories on the basis of high school population. The Navy expects to enter about 2,350 students into the program commencing with the fall term of college, 1949.

Captain W. T. McGarry, U. S. Navy, professor of naval science, will be pleased to provide specific information about the program.

16 Leave Drudgery In Mass Escape To Nature

Sixteen civil engineering students escaped from the drudgery of their CE 42 into the not-too-sunny outdoors yesterday afternoon. The lucky students were members of Prof. Robert E. Minshall's CE 42 class, and were engaged in the study of reinforced concrete design.

Instead of instructing his students in class, Dr. Minshall elected to take the group out to Willard Hall, the only reinforced concrete building now under construction at the College, directly across Pollock road from Carnegie Hall.

The workmen were setting concrete forms and placing reinforcement bars at the time of the unexpected class excursion.

Students who wish to go home to vote in the coming presidential election, November 2, will be provided with printed excuse forms, available at Student Union in Old Main after October 29.

Election Day, however, will not be a College holiday. This decision was reached after the Committee on Calendar of the College Senate had considered the problem of student voting in the 1948 national election.

The excuse form is to be signed by the judge of elections in the student's voting district, and to be presented by the student to his instructors.

Faculty members whose legal voting residence is outside the State College area may miss classes to vote, but they must provide "adequate" substitute instruction.

The Calendar Committee's recommendations, which led to the Senate ruling, were unanimous, reported Ernest W. Callenbach, chairman.
