

Maryland Soccer Forces Tangle with Jeffrey

Hopeful, but keeping their fingers crossed for good luck, the Lion booting forces are at top strength for tomorrow's encounter against one of the Eastern seaboard's most formidable soccer aggregations, the Terps from Maryland.

Tomorrow's meeting against Maryland will mark the first time that the Lions have met the Terps on the soccer field.

To allow returning alumni to witness the Maryland-Lion soccer encounter, the game has been scheduled for 10 o'clock tomorrow morning.

HOPES

When the Lions opened against Army it was a smooth passing accurate shooting combination that brought back the victory flag to Nittany Valley.

The following week a much cooler State team squeezed by an under-estimated Bucknell eleven by a one-goal margin and then last week, a completely cold outfit failed to score a goal in 16 scoring opportunities while its opponent, Navy, tallied with four counters.

Jeffrey, the Smiling Scot, is hoping for another hot day tomorrow as he plans to send his veteran line, composed of Ted Lieb, Harry Little, George Phillips, Dean Witmer and Hal Hackman, against the Terps.

The forward wall, which is packed with speed and passing finesse is the backbone of the offensive-minded Lions.

Lieb, a standout left flankman, found the scoring zone against Bucknell and should provide plenty of scoring punch as should Harry Little, his inside partner.

PHILLIPS

George Phillips, who was sidelined earlier in the season because of an injury, most likely will replace Clarence Buss as the starting center forward.

Two veterans, Dean Witmer, alert playing team captain, and Hal Hackman provide the necessary scoring punch of the right side of the offensive wall.

Since faulty goal-handling

was one of the major reasons for the Lions' poor showing against the Middies, Jeffrey plans to send either Jim Gibson or Ed Taggart to guard the nets. Trying to break up Maryland's fast pass plays will be fullbacks Frank Taucher and Chuck Margolf. Both performed for Jeffrey last season and are well experienced in covering the danger zone.
