FRANKFORT—General Lucius Clay expects the Soviet blockade of Berlin to continue beyond December. The American occupation commander in Germany told a news conference that he knows of no reason to believe that highway or rail transportation to Berlin will be restored by the end of the year.

## No East-West Deal

PARIS—The big three western powers are determined to keep the Berlin dispute in the hands of the United Nations Security Council. They are also standing by their previous decision not to negotiate with the Soviet Union on the question until the Soviet blockade is lifted.

The decision was reached in connection with the recent appeal by United Nations leaders for early settlement of the dispute.

# Council Refuses Grid Holiday

Council of Administration yesterday notified William Lawless, All-College President, that it has refused to grant a half-holiday Saturday for the Pitt game. The letter follows.

The request of All-College Cabinet for a half-holiday for the game with the University of Pittsburgh was presented to the Council of Administration on November 12. It was voted not to grant the request.

Council points out that the calendar is a matter for action by the Senate. In this connection, the Calendar Committee of the Senate, which includes student representatives, presented the calendar for this fall to the Senate, and it was adopted with the understanding that there would be one football half-holiday by student choice. All-College Cabinet chose the Pennsylvania game weekend. Council sees no reason to take action changing this agreement.

In winning this contest the team gains possession of a trophy for a year and receives a \$100 cash award as well.

The team was also awarded a special award by the National Berkshire Swine Association for scoring highest in judging Berkshire barrows.

## 145-Point Margin

Although Penn State had a 145-point margin over the nearest competition, scores were extremely close for other placings. Dr. William L. Henning, team coach, reported. Other colleges and universities placed behind State in this order: West Virginia, Maryland, North Carolina, Cornell, Massachusetts, Connecticut, Virginia and Rutgers.

The trophy which is now on display will become the permanent possession of the team winning it three times. This is the first time the College has won the trophy. Cornell and North Carolina have each won it one time.

## Individual Ratings

Each of the Penn State team members won individual ratings as well. Robert Loughry took third place in high individual scoring in addition to third place in judging beef cattle. Don Peck was first in swine judging and fifth high individual of the show.

Francis Kirk placed second in swine judging, and James E. Work was first in the sheep classes. As a team State took departmental awards by being first in swine, first in beef cattle, and second in sheep judging.

The team will be entered in Intercollegiate judging for the International Livestock Exposition at Chicago on November 27, coach Henning announced.

# Athletic Board OK's Enlargement Plans

Recommendations that the present physical education, athletic and recreational facilities be augmented as soon as possible, were passed by the Athletic Advisory Board at the Nittany Lion Inn Saturday morning.

Completion of the previously-proposed horseshoe seating arrangement of New Beaver Field prior to the 1949 football season was especially urged.

This plan would increase the seating capacity to nearly 28,000 by the addition of two sections to the south end of the East and West stands, and the enclosure of the north end of the field.

Attention was also called to the fact that indoor recreational facilities are the same as they were in 1928 when the male enrollment was only 3300, as compared with the present total of 8000.

In fact, the mighty Wolverines have bettered their first place margin in the weekly A.P. poll. In point scoring Michigan piled up 1,952 against 1,721 for Notre Dame, in second place.

# Police Seek Lion Painters

Pennsylvania State Police will begin investigation of Saturday morning's painting of the Lion shrine, Capt. Philip A. Mark announced yesterday.

Earlier in the evening students were seen trying to buy paint at all night garages near State College. The paint used to smear the TU on the side of the Lion was automobile lacquer, Capt. Mark said.

Anyone having any information about the painting is asked to report to the campus patrol office. All information will be confidential.
