

### Sorority Pledges To Be Honored at Pan-Hellenic Tea

Plans are being completed during this week for the Panhellenic Pledge Tea to be held in the main lounge of Simmons from 2 to 4 p.m. Saturday. Roslyn McCollom and Peggy DeJure are co-chairmen of the affair.

In previous years each sorority pledge class held a tea and invited on the average of two representatives from each other sorority pledge class to attend. This led to a season full of nineteen pledge parties. Panhellenic Council, in order to eliminate the undue expenditure of money and waste of time, decided this year to adopt a plan for having one large pledge tea which all pledges of all sororities would attend.

Co-chairmen of a committee to work out such a plan were selected and arranged a meeting of one pledge and one active from each sorority to discuss plans for the tea. Each sorority through its representatives was asked to serve on a committee to help plan the tea. All complied and a report of the progress of the committee was given by Miss DeJure at the last meeting of the Panhel Council.

Members of Panhel have decided that all pledges from every sorority must attend the tea. In addition, one active from each chapter who served on the mass committee is welcome at the tea, although attendance by other sorority actives is discouraged because of the large number of persons involved.

support by all Pennsylvania colleges for the Fair Educational Practices bill, which will come before the legislature this month.

Elsie Bowmar, Beaver College, outlined the program for the Culturale which PRUSNSA will sponsor on April 22 and 23 in the Met Theater, Philadelphia. This program will be the first inter-collegiate music festival in Pennsylvania. A budget of \$7,000 startled many of the delegates but was adopted. Advisor for the affair are Dr. Frederick Gruber, of the University of Pennsylvania, who is director of the Penn Culturale Olympics, and Dr. Robert L. Johnson, president of Temple University. Beaver College is headquarters for the Culturale, in which at least 40 schools will participate.

#### Student Loan Fund

Terry Comiskey, St. Vincent's College, outlined plans for the establishment of a student loan fund proposed by the student economic welfare workshop. Information to be collected by the clinic on scholarship opportunities in the region will be sent to the national office and to state educational agencies for distribution to all high schools. Campus NSA committees were requested to publicize state senatorial scholarships in their areas.

Walt Morton, Lehigh University, who headed the international affairs workshop, proposed that

PRUSNSA attempt to place as many "displaced persons" students as possible in this region. In effect, this program means that NSA will sponsor the education and living expenses of DP students through funds raised on each campus for its adopted DP.

The convention closed with reports from special committees on policy and ways and means. Policies and proposals adopted by the conference will be referred to member colleges and universities for implementation by campus NSA committees.
