

## Coeds Finish First Meet In Telegraphic Competition

Coeds completed their first meet in National Telegraphic competition in White Hall pool Thursday night, but times were comparatively slow in comparison with the College's last year Eastern Regional winners and fourth place national team.

Marilyn Guillet led in the 50 yd. freestyle event with 33.5, followed by Bets Webber with a 34.35, Lois Evans, 34.5, Barbara Sprenkle, 34.8, Reta Reed, 35.65, Carol Chalk, 36.15, B. J. Stom, 38.2 and Jane McCormick, 38.4.

The 50 yd. event is an innovation in telegraphics, replacing the 40 yd. event. Lee Ann Wagner swimming a 22.05 40 yd. freestyle last year took first place nationally and first place in the Eastern Region.

### 50 Yd. Backcrawl

Lucy Mitinger stroked a 42.6 time in the 50 yd. backcrawl, while Carol Chalk finished in 43.4. These times must also be compared with a 40 yd. backcrawl of last year, in which Yvonne Worrell placed third in the Easterns in a 28.5 time.

Only swimmer in the 50 yd. breaststroke event was Commie Keller with a 45.1 time. Pauline Globisch, swimming the 40 yd. race last year took a third place in the Eastern Region in 29.8.

Marilyn Guillet swam a 1:17.7 in the 100 yd. freestyle, nine seconds behind the 1:08.5 time made by Jacque Zivic the year before to place first in the Easterns. Barbara Sprenkle and Bets Webber finished this race in 1:19.9 and 1:23.4, respectively.

### 100 Yd. Backcrawl

In the 100 yd. backcrawl race Lucy Mitinger ended with a 1:34.7 to compare with the fourth place Eastern time, 1:24.25, of Yvonne Worrell last year.

Commie Keller swam the 100 yd. breaststroke in 1:43.9, twelve seconds more than last year's 1:31.7 time which gained a third place in the Eastern Region for Pauline Globisch.

Lucy Mitinger in the backcrawl, Commie Keller in the breaststroke and Marilyn Guillet swimming freestyle combined to register a 54.45 in the 75 yd. medley relay. Last year's trio, in a 48.0 time, took first in the Eastern and fourth nationally. A second combination, of Carol Chalk, Reta Reed and Bets Webber finished the same event in 56.5.

### Freestyle Relay

Times of the two 100 yd. freestyle relay teams could not be counted because of default, when racers entered the water too soon.

Swimmers will have a chance to better their times when a second meet is held Friday, February 25. The best scores of both meets will then be sent to Skidmore, host school for this year, and results will be compiled with those of approximately 50 other schools entering the competition.

## Bush, Fickenscher Named Co-Chairmen Of Annual Dance

Madelyn Bush and Ann Fickenscher were appointed co-chairmen of the annual WSCA dance to be held May 6 at WSGA meeting Thursday night.

The two o'clock permissions granted for the Sophomore Hop yesterday were explained as part of the program previously determined to grant such permissions for Sophomore Hop, Junior Prom, Senior Ball and IFC-Pan-heel Ball. These are considered the four big dances of the year, Janet Lyons, president of WSGA, explained, and other groups wishing permissions for their dances must gain approval of WSGA.

A misunderstanding over the granting of eleven o'clock week-day permissions to coeds completing their last semester at the College before graduating was cleared up at the meeting. A misinterpretation of a summer session as a last semester was the source of trouble and NSGA decided last night to consider summer sessions as something extra in regarding the rule.

Thus coeds who plan to graduate at the end of a summer session may have their seventh semester or spring semester regarded as their last full semester on campus before graduating and will be granted eleven o'clock upon application to and approval of Judicial.

### Swimmers—

favorite, the meet might well develop into the closest one of the campaign. Both teams have individual performers and relay units capable of breaking records and have done so in past meets.

Record breakers for the State swimmers this season have been Bill Schildmacher, early in the season, in the 100-yard dash; John McGrory in the 220-yard free-style; and the 440-yard relay team. Vic Lynch, recent sensation in the dashes, tied the 50-yard mark against F&M last Wednesday.

The 400-yard relay team from the Smoky City holds its own pool record in this event. Star dashman Dick Petro has broken several dash times in his career.

They're popping up all over

People have been wanting more and more telephone service and we've been working hard to provide it. We've added nearly 9,000,000 new telephones in the past three years. Still more are needed and are on the way.

But that's not all that we've been doing to increase the usefulness and value of the telephone.

Telephone service has been extended to automobiles, trucks, boats, trains and airplanes... real progress has been made in expanding and improving rural telephone facilities... wire and radio relay networks have been developed and enlarged... research has started on new electronic devices which promise to bring even wider horizons of electrical communications within view.

All this means better telephone service for you... more people you can reach easily and quickly... more time in your day... a larger world in your grasp.
