Caught by the Captain

Capt. Philip A. Mark, noting the rash of thefts which have befouled these environs of late, coolly twirls his nightstick and pins the blame on "high prices and increasing scarcity of money."

Some may say that such a flat statement skirts closely to the dangerous pit of dogmatism, but others will see that here is a prime example of perspicacity of the sort much needed in these hectic times.

While economics profs have been raving about the oversupply of money in relation to the supply of goods, it has taken our philosophic chief gendarme to capture the elusive truth—as regards college students, at least—of the post-war inflation.

He saw at once that the hard-pressed college student has to buck the high price line with as inadequate a bankroll as ever. It is a cinch, however, that this knowledge will not deter the rapier-witted policeman from pursuing the culprits whose deeds prompted his remarks.

—John Bonnell

We Can Take Heart, Men

Dr. Kinsey is back in the news, getting ready to bring out his second best-seller, this time about the sexual behavior of women.

According to the good doctor, women are much less responsive to sex than men—two thirds less, in fact. And college girls are even less so than average, whatever that is. Their reactions are mild and subtle, Dr. Kinsey says.

This should be immensely cheering to some men. If his date doesn't want to kiss him good night, a man need not think that she has an aversion to him personally.

Though she be cold, she be normal.

Happy Landing

Former Lion Coach Returns To Grid Scene

By Ray Koehler

Hugo Bezdek, one of football's most domineering Nittany figures during the first quarter of the 20th century, and guiding genius behind the powerful Penn State grid machines in the early '20's, has returned to the pigskin scene.

Wherever football oldtimers get together, the name of Hugo Bezdek, the "Leo Durocher" of some two-score years ago, is sure to crop up.

But who and what manner of man is this Bezdek? In a sentence, he is one of those vanishing American football pioneers who have refused to bite the dust of antiquity, he is the man who established Penn State's physical education course and he is an olderster who remembers using the T-formation in its infancy.

Relinquishing the reins of a gentleman farmer at his 130-acre farm near Doylestown, Bezdek is returning to the sport from which he received his MA—in football tacticianing—by being appointed to the post of head whipcracker at the newly-formed American Agricultural College.

SPINNER PLAY

Credited with originating the spinner through an accident in 1908, Bezdek is a living example of the "life-begins-at-sixty" aphorism, and he is determined to prove that "If Harry Truman can run a country at 64, I can still get out and show some boys how to play football."

The man who made football history when his unranked Oregon upstarts beat a highly-favored Penn eleven in the 1917 Rose Bowl game will make the deviation from P.O.A. (Professor of Agriculture) to that of F.T.E. (Football Tactician Extraordinaire) beginning the last week in March.

The N.A.C. was only recently granted college status, being formerly known as the National Farm School.

Bez coached the Nittany Lions from 1918 until 1929, then stuck around until 1936 as athletic director at the Centre County College, when he bowed out under the persistent buying of the alumni wolves.

UNDEFEATED UNTIL '23

Described as having a "build like a wardrobe trunk," the square-shouldered gent had great undefeated teams for three seasons up to 1923, although being tied four times.

Tributes to the coaching abilities of Bezdek while at Penn State were such outstanding players as backs Charley 'Gang' Way, Glenn Killinger, now coach

The Safety Valve

'Swell Job'

TO THE EDITOR: It has been a long time since we saw such good officiating in Rec Hall. I'd like to take my hat off to the swell job the officials did at the American U-State game.

—A Fan

Edit Briefs

Suggestions in the LA suggestion box resulted in the placing of seven pencil sharpeners in Sparks halls, four of which have disappeared. Another suggestion: use heavier screws for anchoring the sharpeners.

The Daily Collegian

Cleveland Graphite Bronze Co., March 10, June grads in ME, Met, interested in the automotive industry; also June grads in ChemEng and Chem interested in the field of electro-chemistry.

Frosh Beauties To Warm Thaw

"February Thaw," independent-sponsored mixer at the TUB, at 2 p.m. tomorrow, will be stimulated if nebulous plans can be completed in time to present the main campus hopefuls for the title of "Miss Penn State Freshman."

Incomplete reports from Daily Collegian talent scouts show that seven worthy prospects for national fame and fortune have been unearthed.

Although the girls had not been invited by press time last night, it was considered unlikely by the arrangements committee that they should refuse this chance to disprove the chestnut about the "other 90 percent."

Meanwhile, arrangements for a special advance screening of "Mother Is a Freshman" for the committee, judges and officials of the College, were being completed.

Players—

will show the thesis production "Night Must Fall," a psychological thriller directed by Portman Paget, about April 5. Members of the cast are Mary Axelson, Fanna Brown, Jean Francis, Timothy Hayes, Eleanore Miles, Charles Shultz, Ruby Snook and Charles Williams.

"Amphitryon 38" Another thesis production, "Amphitryon 38," a comedy directed by Olivia Crider, will also be given in the Little Theatre about April 29.

Its cast is composed of Shirlianne Bush, Walter Eckley, Robert McLean, Robert Reifsnnyder, George Rhoad, Robert Sinclair, Walter Vail and Lorraine Zimmerman.

'John Loves Mary'

"John Loves Mary," Broadway comedy hit to be given in Schwab Auditorium May 5, 6 and 7, will be directed by Robert Kendall. Included in the cast are Bud Bernstein, Anthony Bowman, Daniel Bryant, Mary Alice Hodgson, Mesrop Kesdekian, Joel Kranich, Rita Lang, Sidney Manes, Cynthia Moore and Robert Stryker.

hold a full-scale retrospective exhibit of the works of Henry Varnum Poor, starting March 18. Poor has informed the College that the exhibit will include an accumulation of his best work, and that a supplement to the exhibit will include the work of his daughter, Anne.

Included in the gallery of his mural work will be a number of photographs of the three murals he has done in Old Main.

Trabue Addresses Ed Conferences

Dr. Marion R. Trabue, dean of the School of Education, will deliver two addresses before national education organizations in St. Louis during the next week.

Dean Trabue will discuss the purpose, methods, and proposed procedures of the Committee on Preparation of College Teachers at the annual convention of the American Association of Colleges for Teacher Education on Friday afternoon. He is chairman of the Committee.

Tomorrow morning, Dean Trabue will speak on "Needs and

Prospects in the Education of College Teachers" at the annual meeting of the Council on Co-operation in Teacher Education.

Dean Trabue is also scheduled to preside at a conference of the American Educational Research Association on Tuesday, of which he is a past-president.

Phys Ed Majors

Physical Education majors interested in publication of "Discobolus," school newspaper, please attend the meeting in 417 Old Main at 8 p.m. next Tuesday.

Nittany Lion Shrine Appears in Exhibit

Two words of art on the campus will be included in art exhibitions during the coming months.

Heinz Warneke, noted sculptor who carved the Lion Shrine, has informed the College that he will exhibit the Nittany Lion at the third annual International Exhibition for Fairmount Park. He will use the original full-size model of the Nittany Lion, which is made of plaster, from which he created the stone Lion Shrine.

The Dayton Art Institute will

CLASSIFIEDS

WANTED

APARTMENT, two rooms for about June 30 or Sept. 25, preferably furnished. Married vet. Call Podalsky 4933.
