J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

IF PEOPLE are whiskering about you, better check up on your hair. Before J.P. switched to Wildroot Cream-Oil hair tonic, he was wide open for all kinds of catty remarks about his ratty appearance. Not so today! Now that he's using Wildroot Cream-Oil regularly, annoying dryness and loose, ugly dandruff are gone. His hair stays put all day. He can pass the Wildroot Finger-Nail Test without batting an eye.

J.P.'s experience leads us to suggest that you try non-alcoholic Wildroot Cream-Oil containing Lanolin, too. Get yourself a bottle or tube today at your drug or toilet goods counter. And, have your barber give you professional applications. You'll agree that for well-groomed hair Wildroot Cream-Oil is purr-fect!
