

Margaret Jones Wins Second Place In Debate Contest

Margaret Jones, of the women's debate team, placed second in the oratorical contest of the Annual Debate Tournament held at Allegheny College on Friday and Saturday. Miss Jones' topic was "The Atom Bomb, A Woman's Secret." She received a silver key as an award.

"Is Our Policy of Non-Intervention Toward China Diplomatically Sound?" was the topic presented to Jean Hootman for extemporaneous presentation. Miss Hootman prepared her speech in one hour and delivered it in ten minutes.

Mary Louise Coleman and Jean Hootman represented the negative, while Barbara Schiffman and Diana Miller took the affirmative in discussing the debate topic, "Federal Aid to Education." The other colleges participating against the Women's Debate Team were Slippery Rock, Shippensburg, Carnegie Institute of Technology, Swarthmore, Elizabethtown, Allegheny, Westminster and Temple.

The finals were broadcast on Saturday afternoon. Twenty five colleges were represented at this tournament. The University of Pittsburgh men's team took first place and Mount Mercy women's placed second.

Sororities Asked To Submit Lists

Sororities should hand in room lists for the fall semester to Mrs. Cordelia Hibbs in the dean of women's office as soon as possible, and no later than April 26, Mrs. Hibbs stated.

These lists should contain room numbers and the name of each girl as she has registered. Sororities whose future suites are in McElwain Hall and who do not know the exact room numbers should obtain them from Mrs. Hibbs.

Pi Kappa Alpha

Pi Kappa Alpha entertained Kappa Kappa Gamma at a mixer Sunday afternoon.

Engagements

Reaver—Freeman

Announcement is made of the engagement of Florence Freeman, and Paul Reaver, both second semester sophomores.

Miss Freeman who lives in Pittsfield is enrolled in Music Education and is a member of Treble Singers. Reaver is from Gettysburg, and a member of the Chapel Choir. He is enrolled in Agricultural Economics.

Students Organize Hellenic Society

In December students of Greek descent started the Hellenic Society here on campus.

The society is affiliated with the national organization, Upsilon Phi Sigma. Before it can become a full member of Upsilon Phi Sigma, the society must go through a trial period.

Any students of Greek descent who are interested in joining the Hellenic Society can secure information from George Wood—Phone 2708.

Meetings are held monthly with the next one scheduled for April 4. The hour and place will be announced later.

Home Ec Honorary Initiates 12 Girls

Omicron Nu, national Home Economics honor society, initiated 12 girls Wednesday night.

New members are Marian Alderson, Jane Barton, Jean Bissell, Frances Caprio, Edith Cope, Janet DeGolia, Nancy Evans, Ann Fickenschner, Lee Hills, Dolores Hocker, Lorraine Munz, and Ann Zekauskas.

Membership in Omicron Nu, the highest honor which can be given to a student of Home Economics, is comparable to Phi Beta Kappa in Liberal Arts.

Members are chosen from the upper one-fourth of the senior class and from the upper one-fifth of students who are juniors. Any junior or senior woman is eligible if she has majored in Home Economics, maintained high scholarship, and given promise of leadership and future achievement.

Social Chairmen

Miss Ellamae Jackson, assistant to the dean of women, said yesterday that she would appreciate having an informal chat with each sorority social chairman at the latter's convenience.

Purpose for such talks would be to discuss general information pertaining to the duties of social chairmen.

Co-Edits

Alpha Xi Delta

Jean Bissell was recently elected president of Alpha Xi Delta. Other newly elected officers include Joyce Shuey, vice president; Mary Conrath, recording secretary; Mary Cohen, treasurer; Mary Haesler, corresponding secretary; Joyce Cotter, rushing chairman; Reida Spang, pledge mistress; Ellen Underwood, historian.

Alpha Chi Omega

Alpha Chi Omega entertained Phi Delta Theta with a Bowery Party Thursday evening.

Lambda Chi Alpha

Chi Omega was the guest of Lambda Chi Alpha at a tea dance Sunday afternoon.

Hig Resigns

Continued from page five

captain. After the armistice, Captain Higgins was transferred to the 89th Division in Coblenz where the 89th Division football team was in the process of organization. The team was composed largely of Mid-West football stars and Higgins fit well into the lineup. After the 89th went on to win the A.E.F. Championship,

Higgins was named to Grantland Rice's all-A.E.F. team.

Following the war, he returned to the Penn State campus and captained the once-beaten 1919 team and also won himself an end berth on Walter Camp's All-American eleven.

GREAT PLAY

His most outstanding play of the year occurred during the final contest of the season. Penn State was playing Pitt and the Lions were in a hole. Dick Harlow, Hugo Bezdek's assistant coach, noticed that the Panthers put great faith in blocking kicks and put as many as nine and ten men on the line when the other team was deep in its own territory.

Harlow signaled Fullback Bill Hess to pass and Hess flipped an aerial to Higgins on his own 15-yard line. The Lion end raced the remaining 85 yards for a score and gridiron fame.

That play is now memorialized in Knute Rockne's motion picture record of "Great Football Plays."

WITH BULLDOGS

Immediately after his graduation, the Lion strategist entered coaching, first for West Virginia Wesleyan and then for the famous Cantol, Ohio professional Bulldogs.

Besides his coaching duties, Higgins played for the Bulldogs.

From Wesleyan, Higgins shifted to Washington University in St. Louis and finally returned to his alma mater in 1928. After spending two years as assistant to Bezdek, he took over the reins as head coach in 1930.

HELP WANTED - MEN

...and all of them made possible through profits!

In the last eight years International Harvester has increased the number of its employees in the United States from 60,000 to 90,000.

This means that 30,000 new jobs have been created—good jobs at good pay for junior executives, engineers, draftsmen, technicians, among many others. And every one of these jobs carries with it plenty of chance for advancement.

This great progress in job-making has been made possible by the profits which over the last 20 years the company has plowed back into the business. That is why we like to say PROFITS MEAN PROGRESS for everyone.

For example:

During the eight year period in which our force was increased from 60,000 to 90,000 employees, the average straight-time hourly earnings of our non-salaried factory employees have increased 92.6% per cent.

Customers have benefited from the fact that our margin of profit on sales today is two-fifths less than in 1941.
