Women Debate Leave for Tour

Three members of the Women's Debate Team are debating at Syracuse University, Oswego State Teachers College, Cornell University, and Houghton College on a trip that began Wednesday.

Pauline Lipser, Nancy Maurer, and Florence Wakeling, representing the College on this trip, are debating the affirmative side of the problem, "Resolved, that the federal government should adopt a policy of equalizing educational opportunity in tax-supported schools by means of annual grants."

Debating the affirmative side of the above problem, Shirley Foulke and Romaine Parks, of the College, met Bernie Belsky and James Benson, of Drew University, Madison, N.J., at the College Wednesday night.

Vilma Griesemer and Mrs. Ann Predzinkowski, representing the College, also debated the affirmative side of the question at Juniata College last night. Diana Miller and Norma Hollander, of Juniata, assumed the negative side of the problem.

Jelacic Advises Establishment Of Junior Panhellenic Council

Delores Jelacic, president of Panhellenic Council, recommended to that group Tuesday night that a Junior Panhellenic workshop be established at the College. The recommendation was an outcome of her attendance at the University of Maryland's Panhel Workshop held last weekend. Helen Milligan also attended the workshop.

Membership in such a Council would be restricted to pledges, and preferably freshman, in an effort to eventually strengthen the Senior Panhel and eliminate the necessity of seniors on the Council. Representation in the latter would ultimately be restricted to sophomores and juniors, thus freeing seniors to concentrate more heavily on other sorority activities.

Rushing Ideas

Such items as teaching Robert's "Rules of Orders", helping with rushing ideas, writing a constitution and planning social events would constitute the activities of the Junior Council.

Sororities were asked to turn in flags, banners or both for the IFC-Panhel Ball at Student Union before noon Monday, March 28.

Suggestions offered by Panhel to the All-College Recreation

Committee included the providing of tennis courts near the dormitories, a permanent ice-skating rink, an enlarged Rec Hall, outdoor badminton facilities, and a year round coed swimming pool.

Pledging Reports

Miss Jelacic reminded sororities that reports on all depledging, pledgings and expirations of pledges should be handed to her. She also stated that Miss Jackson wished a report of all pledges, including full name and date of pledging.

The suggestion of holding a Panhel banquet was discussed, but because of financial reasons the proposal must gain the approval of each sorority individually.
