Western Trains To Roll Into Germany Thursday

Late AP News Courtesy WMAJ

FRANKFURT—The physical lifting of the Berlin blockade next Thursday will be done by German transport workers. General Lucius Clay, America's military governor-in Germany, said yesterday that western trains will be ready to roll at midnight Wednesday. The western counter blockade will be removed at the same time.

Broadcast to Soviet

WASHINGTON—The State Department's "Voice of America" and the British Broadcasting Company have joined forces to push their airwaves into the Soviet Union. Starting tomorrow, the American "Voice" and the BBC will use 61 radio transmitters to try to get through the screen of Soviet radio interference.

School Holds Open House

The Chemistry-Physics Open House, showing a wide variety of exhibits in chemistry, physics, and biology, will begin at 2 p.m. today, with guided tours through the experimental laboratories by Alpha Phi Omega, national service fraternity.

A high intensity siren, which produces sound waves that cause cotton to burst into flame, will be shown as part of the ultrasonic experimentation exhibit. In addition to the siren, a demonstration of the changes in wave form of the high intensity wave as it progresses through the air will be shown in 3 Osmond Laboratory.

A ripple tank which simulates in water the propagation of sound waves in air, and an ultrasonic radar setup will be displayed in Osmond. A screen shows the variations in amplitude and velocity of a pulse beat propagated through air or gases, as well as the pattern produced by two waves of different frequency when added to each other at right angles.

A high frequency whistle and a demonstration showing how edge tones are generated will be shown in s-4 Osmond. Edge tones are produced when a jet of air strikes a sharp edge, as in organ pipes.

The College conducted some of the initial research in ultrasonic laundering, and experiments are now underway testing propagation of sound waves through soils. The use of sound waves as a pest control measure is also being studied.

Dairy Show Contests Begin, Include Many Cows, Lone Coed

For the first time in many years, competition in production classes at the Dairy Show on campus this afternoon will be an all-male affair—almost. Only one coed, Miss Helen Dickerson, a senior in education, is entered in the fitting and showing classes.

The show will begin at 1 o'clock, with Marshall Deardon, manager of the famous Falkland Farms, and extension dairyman Joe Taylor judging the many contests. Champions will be chosen in both fitting and showing for all five breeds of dairy cattle.

Clarence Craver, a senior in dairy, will be at the microphone to keep visitors informed of each event in the 24th annual Dairy Show. Two milking contests, one for faculty members and the other for coeds, are expected to enliven the afternoon program. The events will open with the appearance of Penn State's "Elsie," the Jersey being followed by the "excellent" cow family of Holsteins, Penstate Veeman Josie, the nation's leading milk producer, her daughter, Penstate Veeman Happy, and Granddaughter Penstate Pathfinder Hagg, who together

Phi Beta Kappa Initiates 17

Seventeen seniors at the College have been elected to Phi Beta Kappa, national scholastic honor society.

The initiation will be held at the Nittany Lion on Monday, May 16, and will be followed by a dinner at which Dr. L. Larry Leonard, assistant professor of political science, will be the speaker.

Students elected to the society are Birdie Love Berman, Susan Bissey, Albert Kazlarskas, Louis Levi, Stanley Levick, Janet Long, Robert Lowery Jr., Rosemary Maloney, Harriet Miller, Gloria Moulton, Raymond Robinson, Lucille Thomas, Leo Troy, Edmund Van Deusen, Frances Welker, Ervin Williams, and Edward Wizada.

Phi Beta Kappa members on campus who have not received a notice of initiation and dinner are requested to call Dr. Teresa Cohen, professor of mathematics, secretary of the College chapter.

'Bedlam' To End After 7 Weeks

The final curtain comes down on the Players' production of "This Side of Bedlam," serious comedy by Warren Smith, at Center Stage tonight after a run of seven weekends.

The play, first of its kind to be written by a member of the College faculty, deals with small town race prejudice and is believed to be the first play written for central staging.

Included in the cast are Morton Banks, Sv Blau, Harold Frank, Laura Johnson, Harry McCarty, George D. Miller, Ramon Saul and Donald Saunders.

"This Side of Bedlam" has been produced under the direction of Kelly Yeaton.

Dean Begins Plans to Receive New Students in September

Approximately 3700 new students are expected on campus next fall, according to Royal M. Gerhardt, registrar and dean of admissions. Dean Gerhardt points out that this figure is only an estimate based on present reports.

Of the new students, 1250 will be women and 2450 will be men. Five hundred of the new women students will enter the College as freshmen. Dean Gerhardt said that veteran enrollment at the College will be ten per cent higher than the national average.

Orientation Week plans for the new students are being made by a faculty-administration-student committee, according to Wilmer E. Kenworthy, executive secretary of the College and chairman of the committee.

In addition to Mr. Kenworthy, the committee includes 21 faculty and administrative representatives, the All-College president and the presidents of WSGA, PSCA, IFC, the junior class, and the editor of the Daily Collegian.

Orientation Week will open with a mass meeting of all new students in Rec Hall at 8 p. m. September 20. The 500 freshmen women are being asked to be on campus by September 18.

Leonides

Leonides representatives and alternates will meet in the Northeast lounge of Atherton Hall at 7 p.m. Monday.

Combined Arts Festival

SCHEDULE OF TODAY'S
EVENTS

Combined Arts Exhibit opens in the Tub, continuing through May 16.

"John Loves Mary" Schwab Auditorium 8 p.m.

"This Side of Bedlam" Center Stage 8 p.m.

Modern Dance Recital White Hall 8 p.m.

Dozing Students Nearly Revive Gold Rush Tradition

A 30th century gold rush almost started from the College—until a geology professor cleared up the situation.

Several students were calmly dozing in the rear of the room during a geology class when the word "gold", penetrated into their subconscious thoughts.

Pricking up their ears, they learned that there is possibly more gold "there" than has ever been mined.

Dreaming of being the '49ers of the 20th century, they began to lay plans for a large scale gold rush to "there."

Suddenly the would-be prospectors realized that they didn't know just where this gold was located, so after class they bombarded the prof with more questions than he had faced all year.

All plans for a gold hunting expedition were abandoned when the facts came out—the gold was located in the earth's core.

Dorms To Receive Daily Newspapers

Daily newspapers will be available in the Nittany Dining Commons during the noon and evening meals as soon as arrangements are completed with the publishers. This represents an additional service of the Student News Agency, which already sells papers at the Book Exchange.

The usual Sunday newspaper service will continue to operate, with Sunday papers on sale in Dorm 20 on Sunday morning, and at the dining commons during the noon meal.

Skraban Reigns Over May Day Pageant Today

The crowning of Lillian Skraban as May Queen will be the paramount event of the annual May Day ceremonies on Holmes Field at 4:30 p.m. today.

Reigning over one of the most colorful festivities of the College year, Miss Skraban, attired in white, will be attended by Maid of Honor, Jane Sutherland, sophomore in Liberal Arts.

Other attendants to the Queen are Joanne Kapnek and June Snyder, senior; Barbara Culey and Patricia High, junior; and Mardi Christensen and Geraldine Dosey, sophomore attendants.

Heralds, Evonne Lott and Lois Evans will begin the ceremonies by sounding trumpets. They will be followed by the jesters, Diana Bryan and June Kircher, capricious entertainers of the Queen and her Court.

During the coronation, Janet Lyons, president of WSGA will present the crown to the Queen. The sceptre and world will be presented by Nancy Smith, president of WRA, and Dorothy Park, representative of PSCA.

Participating in the pageant will be the Senior Honor Women, who will form the Hemlock Honor Arch, and senior women who will compose the Hemlock Chain, through which the May Queen and her entourage will pass.

Those taking part in the Hemlock Chain are Suzanne Chappell, Peggy Coffman, Mary Louise Coleman, Edith Cope, Marion Dills, Mildred Drumgold, Cordelia Foresman, Betsy Frew, Betty Gibson, Vilma Griesemer, Carol Hecht, Dolores Herold, Jean Hootman, Jane Hostetter, Marilyn Kehrl, Isabel Leach, Clare Lefkoe, Camellia Lovett, Sue McClelland, Jane McCormick, Joyce McLaughlin, Ruth McWhirter, Marjorie Musser, Betty Parkhurst, Barbara Porter, Lois Radiss, Betty Lou Reed, Beatrice Rigling, Shirley Robinson, Patricia Roxberry, Dorothy Schu-

News Briefs

Cancer Fund

The annual Centre County Cancer Drive sponsored this year by the Pre-medical Society in cooperation with Alpha Epsilon Delta, National Pre-Medical Honorary Fraternity, will continue until May 14.

The goal this year is \$2500, or 25 cents per student. Students as well as townspeople will receive the free treatments and service made possible by the funds from this drive.

Lutheran Student Rally

The Lutheran Student Association is holding a Lutheran Student Action Rally at 6:30 p.m. tomorrow. A dramatic skit, "For Christ and His World," will be presented.

Rev. E. E. Korte, student pastor, will be in charge of the Student Bible class at 9:30 a.m. The regular church worship service will be held at 10:30.

F.F.A.

Prof. A. C. Richer, professor of soil technology, will be the speaker at the F.F.A. meeting in 109 Agricultural Building at 8 p.m. Monday.

Election and installation of new officers for the summer and fall sessions will be held.

The softball game will be played at 6 p.m.

Chem Eng Party

The senior farewell party of the Chemical Engineering Society will be held at Legion Park at 5:30 p.m. today. Those attending should bring their own glasses.

Members with cars are requested to be at the back of Walker Lab at 5:15 p.m. to provide transportation for others.

Hat Society Council

Hat Society Council will elect officers at a meeting in 409 Old Main, 9 p.m. Monday.
