the particular students to be admitted to Penn State.

It has been deemed desirable to have the student placed in one of the fraternities, sororities, co-ops, or dormitories. For instance, a group of several fraternities might undertake to sponsor one student. Since the student is to live with the group which provides for his room and board, certain preference of the group as to religion or other factors would be considered.

At the request of Joel Bachman, campus NSA chairman of this plan, Peter Geisey, President of IFC, presented this proposal to the Council last Wednesday night. The proposal is now being considered by the individual fraternities.

Other living expenses could be

met by the student working part-time at a job provided by the Student Work Agency. The student will join the school health service plan, and student religious organizations will be contacted to provide summer employment.

#### Orientation

The NSA chapter on campus accepts full responsibility for orientation to the campus. And it is believed that many other organizations will be vitally interested in this phase since much effort has been expended by many of the religious organizations on campus.

These DP students are a select group possessing high scholarship abilities, experience, and a desire to learn. Allowing them to study at Penn State and furnishing them with room and board and a means to earn additional money is presenting them with an opportunity to build a future.

### Feinstein Installed As Hillel President

Nathan Feinstein replaced Louis Cohn as president of Hillel Foundation at an installation of officers ceremony last Friday night. Other officers for the coming year are Werner Goldschmidt, men's vice-president; Deborah Serling, women's vice president, Ruth Gross, secretary; and Murray Bernstein, treasurer.

In addition to the five members of the executive committee, nine members were installed on the governing board at the Sabbath Eve services. Louis Cohn presided over the installation and Rabbi Benjamin Kahn, director of the Foundation, delivered the installation charge. A reception followed the service.

### Air Service---

*Continued from page one*

quired, it would be extremely advantageous to have a strip in the center of the runway paved for a width of 100 feet," Mr. Bazley commented. The main runway is 300 feet wide.

Mr. Bazley said that except for delayed flights or in an emergency, it will not be necessary to secure night authorization for the airport during the summer months.

It was pointed out that this authorization would be necessary by approximately September due to earlier sunsets.

"If all conditions are met, All American will be able to render good service through the use of the Airport when day contact operations start about June 9," Mr. Bazley reported.

During his visit, the airline executive said "the company is extremely anxious to include State

### Blue Key

Pelton Wheeler was elected president of the Blue Key Hat Society at this year's final meeting Wednesday night.

The society also elected Henry Schoenfeld, vice-president; Rudolph Valentino, secretary, and Walter Vilsmeier, treasurer. Blue Key's participation in pep rallies and other campus activities for next year were discussed.

### Photo Contest

There are only three more days left to enter photographs in the Alumni Photography contest according to Ross Lehman of the Alumni Association. Photographs sized 5 by 7 to 8 by 10 will be accepted until 5 p.m. Monday.
