Two things every college man should know!

1. This is a senior. Just in gown for a few days. Spends four years wool-gathering—winds up with sheepskin. Graduated to "Manhattan" shirts years ago.

2. This is a "Manhattan" Vericool. Open-weave fabric just invites a breeze. Long and short sleeves. In white and solid colors. Size-Fixt (fabric residual shrinkage 1% or less). It's the coolest thing over an undergraduate.
