## PNPA to Honor State Newsmen At Conference

### Publishers To Hear Group Discussions

The Pennsylvania Newspaper Publisher's Association will honor more than 50 Pennsylvania newsmen for outstanding writing when the association meets here tomorrow and Saturday. Editorial excellence in news and editorial columns will win official recognition.

Certificates will be awarded to first and second place winners in each of nine classifications at the informal dinner scheduled for the Nittany Lion Inn tomorrow night. Gus Steinmetz, former editor of the Harrisburg Telegraph and committee chairman, will make the awards.

The contest is an official part of the editorial conference held annually by the PNPA in cooperation with the College journalism department. This year, entries numbered more than 1,000 of which approximately 50 will be singled out for general excellence.

Serving on the judging committee with Steinmetz are Arthur G. Burgoyne, veteran newspaperman of Philadelphia and Pittsburgh, and Walter D. Ross, for many years a Capitol Hill correspondent at Harrisburg. Like awards will be made to newspapers with circulations above 15,000 and for newspapers with circulations under 15,000.

Because of the high quality of the articles, the judges already have decided to list eight honorable mentions under each of the nine classifications. The classifications, which are the same in both divisions, are editorial, local column, municipal or county government, court coverage, human interest, news story in the field of women's activities, sports event news story, spot news story, and public service campaign or crusade series.

Labor news, editorial page problems and policies, and the newspaper's responsibilities to local government will be discussed during the conference sessions. Prominent Pennsylvania newspapermen will be the speakers.

At the Friday night dinner P. D. Fahnestock, of the Economic Cooperation Administration, will speak on the "Marshall plan in Action." A business session will be held Saturday to consider organization of a Pennsylvania Society of Newspaper Editors.

## Interplayers Open In New Theatre

This year, college and university students will have an opportunity to see the Interplayers, experimental theatre group, in their own new, air conditioned theatre in famed Carnegie Hall, New York.

The Interplayers' productions are said to be of special interest to students since the group concentrates on plays which do not run on Broadway or in the "run-of-the-mill little theatre houses." "Within the Gates," "The Infernal Machine," and "The Dog Beneath the Skin" are among last season's productions.

One of the group chief aims now is to reduce the price of admission even lower than thus far possible in order to put their plays within the reach of all students.

## 4300 Summer Students Enroll

Enrollment for the summer sessions has reached over 4300 registrants, Dr. Palmer C. Weaver, assistant director of summer sessions, announced yesterday.

Dr. Weaver pointed out that this number included students who are registered for more than one session and who, thus, are counted as two or three registrants.

Last year, a total of 9,220 registrants was recorded for the three sessions. Though the figures for this year will not be complete until after final phase registrations, Dr. Weaver explained, it is expected that the enrollment will fall below that of last year.

This is the 40th year in which summer sessions have been held at the College, the first having been held in 1910.

Inter-session will run from June 7 to June 24, Main Session from June 27 to Aug. 6, and Post-session from Aug. 8 to Sept. 17. Courses are listed in the summer sessions time table, copies of which are available at the scheduling office.

Students may register for any session, all sessions, or any combination of sessions. No general limitations will be placed on summer sessions enrollments, but registrations will be restricted to previously determined maximums in most sections of particular courses.

Registration day for the Inter-session is June 7, 8 a.m. to 12 (Continued on page eight)

# Summer Artists Series Includes Six Programs

## Jean Murai's Appearance In June Will Open Events In Schwab

Six programs, four in the main session and one each in the inter- and post-sessions, are included in the 1949 Summer Artists Series to be presented in Schwab Auditorium during the summer sessions.

Jean Murai's appearance June 15, during the inter-session, will open the series. Miss Murai will present a program entitled "Folk Songs Around the World." The program, planned on an audience-participation basis, will include Mexican, South American, French, Palestinian, Yiddish, Russian, English, and American songs.

## Brenner Wins Speech Award

Marlin Brenner, a sophomore in Commerce and Finance, received the first prize award of \$50 plus a certificate of merit for his speech, "An Accident of Birth," in the John Henry Frizzell Extempore Speaking Contest held in 10 Sparks at 7:30 p. m. Tuesday.

Second award honors of \$25 and a certificate of merit went to Christine Altenburger, junior in Arts and Letters, for an address entitled "There Are Five Letters in Life."

The judges of the contest were Prof. Joseph F. O'Brien, head of the speech department and chairman of the contest, and other members of the faculty of the department.

Brenner's prize-winning speech discussed the racial question and proposed several answers to racial prejudice. He won the Pennsylvania State College Prize and the John Henry Frizzell Award of Merit in Extempore Speaking.

Christine Altenburger's five letters in life spelled FAITH, and the individual letters stood for friends, affection, interest, theology, and happiness. The second prize award was the Forensic Council Prize and the John Henry Frizzell Award of Merit in Extempore Speaking.

The contest, which is over 50 years old, was formerly known as the Junior Oratorical Contest, the Sophomore Extempore Speaking Contest, and the All-College Extempore Speaking Contest. Now an annual affair, it is held in honor of Dr. Frizzell, first head of the speech department, who retired in 1948 after more than 45 years of teaching.

Other contestants were Francis Fatsie, John Meszaros, Marion Morelli, and James O'Malley.

Appearing July 6 as the first main session artist is Evelyn MacGregor, featured soloist on three prominent radio network programs. For several years Miss MacGregor was soloist with Andre Kostelanetz. Her program will include concert music, at least one operatic aria, and a number of ballads.

A program of both vocal and instrumental music ranging from popular to operatic selections will be presented by the Ambassador Quartet and Swiss Bell Ringers July 12. Among the popular numbers played by this group on the Swiss bells are "Sunday Morning in London" and "Bells of St. Mary."

LaMeri and her ensemble will appear July 20. LaMeri's choreography of "El Amor Brujo" has won praise from Spanish authorities who declare it to be the finest seen in this country. Stolkowski, Fritz Kreisler, and others have praised her original interpretation of Bach's music in "Bach-Bharata Suite."

The Ebonaires, featuring a program of songs ranging from spirituals and folk songs to Gershwin, appear in Schwab, July 28. They have starred in Broadway productions of "Porgy and Bess" and "Swing Mikado."

During the post-session, Aug. 16, Guthrie Frye and Sarah Revelle, who have sung in such operas as "Tosca," "Rusticana," and "Aida," at Peabody Conservatory, will present a program of classical, concert, operatic, and modern music.

Application blanks for the four main session programs of the Artist Series can be obtained in the summer sessions office, 102 Burrows Building. Tickets for these four are \$2.40.

## State College Air Stop OK If Field Good

Robert M. Love, president of All American Airways, announced today from Washington, D. C., that State College will have its airline stop next month if the necessary improvements to the field are completed.

This announcement, following one last week to the same effect by Halsey R. Bazley, vice-president of All American, assures a stop at the State College Air Depot on the airline's Pittsburgh-New York route.

However, improvements to the field, including lengthening of the runway and burial of high tension wires to meet CAA requirements, must be completed by June 9 or 13. Work on extending the runway was started on Monday and all improvements are expected to be completed within three weeks.

The airport situation became somewhat cloudy on Monday when a representative of the Black Moshannon Airport appeared before State College council and asserted flatly that the Air Depot would not be used. It became even blacker when a Phillipsburg representative stated on higher authority that the Albert Airport in Clearfield County had been selected.

However Love's announcement cleared this up when he stated that the Albert site was only temporary in case the State College Air Depot was not completed.

Dean George L. Haller, head of the school of Chemistry and Physics, is chairman of the council's airport committee.

## Blanks Mailed For Grid Tickets

Application blanks for the 1949 season football tickets were placed in the mail early this week for faculty and employees of the College.

The tickets, priced at \$9.60 each, including federal tax, entitle the owner to reserved seats for four home games. They are Villanova, Boston College, Oct. 8; Nebraska, Oct. 15; and Syracuse, Oct. 23.

Tickets will be allocated from the goal line to the 35-yard line in the west stands, H. R. Gilbert, graduate manager of athletics at the College, announced.

Gilbert also pointed out that applicants will have a chance to state a preference as to the approximate row desired.

The number of tickets will be limited to two, but persons desiring to sit together may file their application blanks attached. Additional tickets for individual games will not be allotted adjacent to season tickets. Tickets are not returnable and no refund will be made, Gilbert explained.

The sale will be conducted by mail, thus eliminating lines at the ticket office. Tickets will be mailed about September 1.

# Poland Asks Eisler Case Query by UN

Late AP News Courtesy WMAJ  
LAKE SUCCESS—Poland's UN delegate has demanded the case of Gerhart Eisler be brought before the world group before it enters its summer recess. It is charged Eisler's arrest aboard the Polish liner Batory is a violation of human rights and the right of exile.

## Industrial Parley Holds Last Session

The final meeting of the 25th annual Industrial Conference, under the sponsorship of the School of Engineering of the College, will be held in the Parrot room of the Nittany Lion Inn at 9:30 a. m. today.

C. E. Bullinger will preside over the session which will have as its topic "Post-College Development of the Young Engineer," with A. C. Monteith of the Westinghouse Electric Corporation discussing the subject from the viewpoint of industry, and H. P. Hammond, dean of the School of Engineering approaching it from the viewpoint of the colleges.

Eisler jumped bail in the United States when he stowed away on the liner bound for England. He was picked up by British officials.

### FDR Jr. Greeted

WASHINGTON — Franklin D. Roosevelt Jr. has been welcomed to the nation's capital, after his win in the election to fill the late Sol Bloom's House of Representatives seat, as one more vote to repeal the Taft-Hartley Act. This greeting was advanced by CIO official Jack Kroll.

Democratic officials, too, joined in congratulating the son of the late president when they apparently forgave the young winner for opposing the Tammany-Democratic candidate in New York's 20th district.

## IFC To Sponsor DP Student; Trustees To Waive Tuition

The Interfraternity Council last night voted to set aside a fund of \$800 to support a foreign student at the College for the 1949-'50 school year. The original motion to support the scholar for two years was defeated. Under the new plan, IFC will fully sponsor the student, a displaced person, although several organizations are active in the program, including National Student Association.

The proposal was tabled at the last meeting of IFC, so that representatives could consult their respective houses. At last night's meeting, Ernest Ott and Joel Bachman, campus NSA committeemen, clarified several points of the original motion. The most important of these was the announcement that the executive committee of the Board of Trustees has agreed to waive all tuition and fees.

The DP student will, in addition, receive resources for books, room and board, and spending money. "These students," said Bachman, "need only a few months

to get on their feet. Since they will become citizens, they are allowed to seek employment."

The scholar can obtain work through the Student Work Agency and will join the school health service plan, Bachman said.

The DP will be screened by joint committees of World Student Relief, International Refugee Organization, and three resettlement groups. He will be chosen in Europe for scholastic standing and character.

The money for this move will come from profits realized from the IFC Ball.
