

Graduation---

Continued from page one

"Diplomas will be given out immediately after the commencement exercises in the second floor lounge of Old Main. It will be necessary for you to present your matriculation card in order to receive your diploma."

Seniors scheduled for graduation in the morning will assemble between 10 a.m. and 10:20 a.m. on the Mall. Those who will attend the afternoon ceremony will assemble at the same place between 2 and 2:20 p.m.

There will be no procession if the weather is bad. In this event, seniors will take their places in Rec Hall in accordance with the diagrams which have been issued.

Professor Bullinger urges all graduating seniors to "Look for your school marshal and banner."

Dr. Harlan Hatcher, vice-president of Ohio State University, will speak at the morning ceremony. His topic has not been announced.

Dr. Hatcher is author of numerous literary and historical books, an editor, and book critic, to name a few of his accomplishments. He was Dean of Arts and Science at Ohio State from 1944 up until this year when he was elevated to his present position with the University.

He has been in the English department at Ohio State since 1922. A Phi Beta Kappa, Dr. Hatcher was State Director of the State-Federal Writers Club for Ohio from 1937-39. He served as a private in World War I, and as a lieutenant USNR in World War II.

Afternoon Speaker

Guest speaker at the afternoon ceremony will be Dr. Daniel A. Poling, pastor in absentia from Baptist Temple in Philadelphia. His topic is also unknown at this time. Dr. Poling spoke at the Baccalaureate ceremonies at the College in 1947 and addressed the Mothers' Day chapel congregation in 1948.

Alpha Phi Omega

All members of Alpha Phi Omega, national service fraternity, will meet on the steps of Central Library, 7 a.m. tomorrow, to inaugurate their campus clean-up campaign.

committee. His name appears in Who's Who in American Universities and Colleges and Who's Who at Penn State.

He served on the Senate Student Welfare committee and the NAACP Negotiating committee. He was a member of the President's Committee on Recreation and belongs to the Sociology Club, Skull and Bones and Lion's Paw.

As 1948-49 All-College president, Lawless served as president of All-College Cabinet. He was a member of the Alumni Association Executive Board and the Athletic Advisory Board. He also served on the Student Union Board and the Student Union Building committee.

Cabinet---

City from about 6:30 p. m. to 3 a. m.

If students do not want dining car service, the cost of the trip would be reduced from about \$20 to \$14.50.

Gilbert declared, "If there is enough student interest in this train project, the College will work further on it this summer. If students do not want it, we'll drop it."

The proposal of train transportation to the Army game was brought before All-College Cabinet last night.

"Free government—of the people—by the people—for the people."

These are
the Symbols
of
Your Future!

AMERICA
is the one place where they have
ever existed in combination...

When we talk about our American system, we're talking about something more productive, more promising, more thrilling than any system the world has ever seen.

And we're strong because we enjoy the unique combination of qualities that make our nation the most productive of any country on earth. Why?

First, because we've built our whole system on a solid faith and belief in the dignity of the individual.

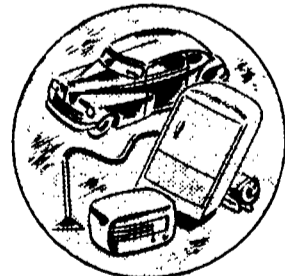

Out of our belief in the dignity of the individual has evolved the wonderful pattern of America. Our policy of free markets and free

collective bargaining. Our belief in competition. Our adherence to the principle of constantly better quality at consistently lower cost.

Our emphasis on research—on invention—on new and better methods.

Our faith in the future and our desire ever to advance—ever to improve the lot of everybody, regardless of race, creed or color.

These—in combination—are America. And nowhere else in the world is there such a combination—that's your U.S.A. Let's keep it this way. Sure our system has its faults—but in correcting those, and with even better teamwork, the future is unlimited.

"More goods of better quality at lower costs, paying higher wages."

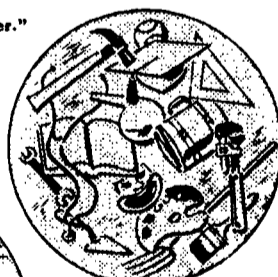

"Know-how—and inventiveness."

"REWARD for initiative."

"Sound use of machine power."

"Our right to choose."

"Free markets and competition."

"Labor's right to organize and bargain."
