## June Grads Asked To File Jobs

June graduates who have obtained jobs have been asked to file the name and address of their employer with the College Job Placement Service.

A permanent file concerning alumni employment is kept by the office, according to Director George N. P. Leetch, who said the reports should be made immediately.

"This includes all types of employment following commencement," he added. The information should be turned in at the Job Placement office, 204 Old Main, telephone extension 128. Graduates who obtain jobs after commencement are asked to mail the information to: Job Placement Service, The Pennsylvania State College.

# A SPECIAL OFFER TO THE GRADUATING CLASS . . . JUNE '49

## You May Be Accepted for an Early U. S. Air Force Aviation Cadet Training Class

If you are a college graduate, married or single, between the ages of 20 and 26½ and physically and morally qualified, you may be accepted for assignment in the U. S. Air Force Aviation Cadet classes starting in late summer or early fall.

You get a well-planned course, valued at \$35,000 . . . this includes about 275 hours of flight training, and the finest aviation education and executive training in the world.

## Win your wings and then start a career with a future . . .

College men are today's leaders of the U. S. Air Force. With new and complex aircraft and equipment being developed, scientific research becomes more and more important, increasing the need for college-trained men.

As a college graduate you will have an unlimited future in aviation fields of personnel management, operations, matériel, supply, research and development.

It's a year of learning, flying and time for recreation with a hand-picked top-string team of Americans.

Upon assignment to an Aviation Cadet class you will be sent to one of the U. S. Air Force bases

in Texas for the world's finest aviation training.

Here you will receive about 175 hours of flying instruction in the Texan T-6 trainer plus an extensive course in aviation education and executive training. Navigation, fuels, weather, radio and radar are some of the subjects you will take.

During this training period you'll find plenty of hard, fast action to keep you fit and trim . . . the best athletic facilities are available. Upon completion of training, you will win your silver wings and receive a Reserve commission as second lieutenant in the U. S. Air Force. Outstanding graduates receive Regular commissions upon graduation.

## OFFICER CANDIDATE SCHOOL FOR COLLEGE GRADUATES

If you can meet the high standards required of candidates for officer training, there's a real future for you in the U. S. Air Force. Capable young executives are needed for positions of responsibility in non-flying assignments . . . management, communications, engineering, research and other fields. That is why the Air Force is offering qualified, ambitious men and women with college training an opportunity to prepare for leadership in the air age.

## WIN YOUR WINGS

## U. S. AIR FORCE

Single or married men with two years of college (or who can pass an equivalent examination) between ages of 20 and 26½ with high physical and moral qualifications, get now! Get full details at your nearest Air Force Base or Recruiting Office or write: Chief of Staff, Headquarters United States Air Force, Attention Aviation Cadet Branch, Washington 25, D. C.

U. S. ARMY and U. S. AIR FORCE RECRUITING SERVICE
