

# Outstanding Seniors

## Shirley Gauger

(This is the second in a series of articles concerning prominent senior men and women who have proven themselves outstanding in one or more fields of activity at the College.)

By Myrna Tex

"Senate is giving a tea tonight in honor of President Milholland," Shirley Gauger, WSGA president, said, "and I'm having a hard time getting silverware together." This is just one of the many problems, large and small, which will confront Shirley this year in her position as president of the Women's Student Government Association.

Shirley's climb to the WSGA presidency began when she was sophomore representative to the Women's Recreation Association and was a member of the WRA Executive Board. During her sophomore year she was also president of her dormitory, Jordan Hall, automatically becoming a member of the WSGA House of Representatives where she was elected secretary of the organization.

### Leads In Activities

Afterward, Shirley was elected vice-president of WSGA and then president last spring. She is a member of All-College Cabinet, Treble Singers, and two honoraries, Cwens and Mortar Board. She served on the Religion-in-Life Week committee and was a division leader for the Penn State Christian Association drive.

Shirley comes from Watson town and belongs to Zeta Tau Alpha. Last year she was secretary of the sorority. "My major is English literature," Shirley remarked, "but I have a minor in

secondary education and will probably practice teach next semester, which will enable me to be a high school teacher after I graduate."

### Takes Convention Trip

"One of the most interesting experiences I've ever had," she said, "was the trip I took to a WSGA convention in New Mexico last April. It gave me an opportunity to meet women's student government leaders from colleges all over the country and to compare the set-up and workings of our organization with theirs. The trip did another thing, too. It made me appreciate my home state and realize how much Pennsylvania has to offer."

Swimming and bowling are Shirley's favorite sports and she enjoys the out-of-doors a great deal. "Right now with bluebooks coming," she said, "I'd like to take a tent, go out into the fields and just camp there for a while."

# New Engraver Makes Timely Photographs

Installation of a new Fairchild Photo-Electric Engraver in the print shop of the Centre Daily Times, where the Daily Collegian is printed, has enabled the College daily to institute a new policy of more and timely pictures in its editions.

Utilization of the machine installed Tuesday will now enable readers of the Collegian to see, as well as read about, events that happened the day or night before the day of issue.

First used for the Wednesday edition (the photograph of the Sigma Nu-Theta Chi IM football tilt), the engraver demonstrated its usefulness in that, and subsequent, issues.

The Fairchild engraver is able to make ordinary 65-screen engravings, the type normally used in newspapers, from a glossy print in 6 to 30 minutes.

A photo-electric cell on the engraver scans the photograph which is attached to a rotating cylinder. The photo-electric cell picks up light and dark tones from the photograph and transmits them in the form of electrical impulses to a heated stylus on the engraving head of the machine.

This stylus then cuts into a blank sheet of plastic on a second rotating cylinder. The result is a finished halftone engraving, on plastic, of the same size as the original photo.

# Nittany Dorms To Vote For New Constitution

The Nittany Dormitory Council initiated ratification proceedings of the dormitory constitution Wednesday evening. The council voted to accept the constitution, but ratification will not be complete until a referendum vote has been taken by the dormitory residents.

President Francis Turk presided at the meeting during which a heated discussion arose concerning the charges that the constitution had been changed by the Office of the Dean of Men without consulting the council. Parliamentarian Ray Evert said that the assistant Dean of Men, Daniel A. DeMarino had admitted that charges had been made but insisted that they were technical and would not effect the functioning of the council.

### Revisions Accepted

After much debate, the council agreed that the revisions were for the good of all concerned and voted to accept the constitution. It was decided that a letter should be written to Mr. DeMarino stating that any further changes made without council approval would be protested.

The council voted (subject to referendum by dorm residents) to strike out the clause providing that no member of council can become a member of any other student legislative, judicial, or administrative organization.

It was reported that a new system of mail delivery will soon go into effect. A special window for the handling of laundry cases and packages from the outside is being installed.

### To Set "Coke" Machines

Co-chairmen Henry Menteir and Walter Ridgeway of the Public Welfare Committee announced that "coke" and "pepsi" machines will be placed in the dorms. The blue-book file in the PUB, started by the council last year will be in operation by the beginning of next week, it was announced.

It was decided that a Christmas party for Windcrest children will be held Dec. 18.

The council voted \$30. to be used for purchasing records for use in the dining hall. A provision was made that it would

be necessary for Pollock Circle Council to vote a like amount before the records are purchased.

(Continued from page one) with Temple, and all echoed the sentiments of the two coaches, that it would be "a tough one."

Keller ended the program by urging that all present make it a point to sign the letter to Leo Houck, who, Keller said, is beginning to feel that all his friends at State are forgetting him. Keller felt that this condition was brought on by his illness, but everyone concerned feels that the letter would be a good thing for Houck's morale.

# Film on Printing To Be Presented

A full-color sound film giving a simplified story of the offset lithographic process of printing will be shown under the sponsorship of Alpha Delta Sigma on Tuesday, November 15 at 4:15 p.m. in 10 Sparks.

A.D.S., national professional advertising fraternity for men, invites interested members of the faculty and student body to attend this highly informative film.

The film, titled, "How to Make a Good Impression," compares the three basic processes in printing: letterpress, gravure, and lithography. The production of a folder is followed through all stages of production, from the layout and art work to the actual printing.

The film has been shown to advertising clubs, art studios, Rotary and Kiwanis groups, and to schools and colleges, where it has been extremely well received. It is made available to A.D.S. through arrangements with the Harris-Seybold Company, its producers.

### Book Refunds

Refunds for books sold to the Pittsburgh book store agent will be made until noon Saturday.

Students may secure refunds from 8:30 a.m. until 4:30 p.m. today in the book exchange in the TUB.

No more refunds will be made after Saturday.

# 100 Students Work In College Library

The student assistants at the library are a little-publicized but hard working group. Thanks to them, the library is able to remain open 88 hours a week.

The 233 assistants on the payroll for 1948-49 have worked a total of 65,880 hours. Their job includes shelving, typing, filing, messenger service, and desk work.

Longest service records belong to Allen Baker, Blue Band president, who started in 1942, and Emily Holmes Eggert, who started in 1943.

The approximate number on each monthly payroll is 100 in the winter and 50 in the summer.
