Others Would Go to Centers **Dean Gerhardt States Proposed Policy Shift**

Approximately one-half of the freshman class may be on the College campus for the fall semester of next year, Royal M. Ger-hardt, dean of admissions, an-nounced yesterday. The remaining freshmen will be assigned to the centers and to

the cooperating colleges as has been done for the past four years. They will again have a choice as to which college they want to attend during their first year, Dean Gerhardt said. He also announced February

admisions for freshmen provid-ing they will agree to spend three, or preferably four semesters at the center to which they are assigned. There will also be February admissions for students with advanced standing.

The return of freshmen to the main campus will mark the first time in four years that the fresh-men have been admitted to the campus, with the exception of the five hundred women who are here this semester.

Applicants for admission to the freshman class for next fall sem-ester can obtain applications from the Admissions Office by requesting them any time after the first of January.
