

# Bowling Taxes Up 3,414 Per Cent

Perry H. Gentzel, proprietor of the only remaining bowling alley in State College, has charged that local taxes on his establishment have been increased 3,414 percent since 1945.

In a recent statement, addressed to the borough council, he asked the council why it was discriminating against him.

He closed the alleys at the beginning of this year in the face of a new tax increase.

**Borough Permit**  
"My cancelled check of Dec. 22, 1944, shows that I paid the borough \$5 for a borough permit

to operate bowling alleys for the year 1945. The ordinance in question increases this tax by 3,200 per cent," the statement said.

"Mr. Chromer, the tax assessor, increased the tax on the building . . . by just over 214 per cent

just over 3,414 per cent seems out of line, when just across the street, the swimming pool . . . is not taxed at all.

"Why discriminate? The committee (set up by council to investigate the situation), as well as council, may ask what business in State College, contractor, merchant, or vendor, can stand an increase in his taxes of just over 3,414?"

# Slogan Contest 'Liliom'--- Ends Tomorrow

Tomorrow is the last day to submit entries in the slogan contest being sponsored by the Student Dry Cleaning Agency. Prizes of \$10, \$5, and \$2 in cleaning service will be awarded to the authors of the best slogans.

According to Joseph S. Reinheimer, supervisor of student agencies and chairman of the committee of judges, the contest winners will be announced either Tuesday or Wednesday of next week.

Entries may be submitted at any of the seven SDCA stations up until the close of business on Saturday. Any number of entries may be submitted, but each one must be in a sealed envelope with name and address included.

of aid to athletes, by George Oehmler, president of Engineering council. The goal of the drive was reduced from \$16,000 to \$14,000, and individual contributions from \$2 to \$1.75.

Carlton Durling, chairman of the campus upkeep and safety committee, described a number of improvements which it is promoting, including a diagonal walk from Temporary Building to Osmond Laboratory.

# 'Liliom'---

(Continued from page one)

Bickerton, as Julie's simple-minded friend, Marie, adds a comic touch with natural mannerisms, and makes the empty headed little maid lovable. Tony Bowen is a perfect Fiscus, as despicable as he should be, and Rose de Leon, as Julie's grumbling, but patient aunt enlivens a not too difficult part.

The only member of the supporting cast who is disappointing is Liliom's employer, as played by Geraldine Kassab. Mrs. Muscat is a cheap hussy, and although her part is dramatic, Miss Kassab overacts and her movements are extremely jerky. At times she is melodramatic.

Settings for the play are effective, particularly for the scene in which Liliom faces the heavenly tribunal. The entrance into purgatory with its flame should impress everyone.

Costumes are colorful and seem to be authentic for Budapest at the turn of the century. The play, on the whole, is colorful, entertaining and well interpreted, but occasionally drags. The scene immediately after Liliom's death is a little anticlimactic as are a few others.

"Liliom" was not, as some students misunderstood, adapted from "Carousel," but was originally written by Ferenc Molnar and then set to music and renamed "Carousel."

# Thespian Show Tryouts Slated For Next Week

Penn State Thespians have announced that tryouts for their Spring show, "Girl Crazy," will be held next Sunday, Monday and Tuesday at 7 p.m. in room 409, Old Main.

"Girl Crazy," with music and lyrics by George and Ira Gershwin, featured Ginger Rogers, Ethel Merman, and Willie Howard in the original Broadway cast. The movie version of the show starred Judy Garland and Mickey Rooney. The score includes such hits as "Embraceable You," "I Got Rhythm," "But Not For Me," and many others.

The production of "Girl Crazy" marks the first time in recent years that the Thespian policy of presenting a student-written show will be discarded.

Tryouts for the various roles will be held separately immediately after the general assembly. Castings of the singers, dancers, actors, speciality acts and crew members will be completed before the end of the semester. Performances will be given in Schwab Auditorium late in March.

# How the Safety Responsibility Law Affects You

If you are involved in an accident resulting in death or injury to a person, or property damage to any one person, including yourself, exceeding \$100, you must show that you have Automobile insurance to cover any possible resulting claims. If this evidence is not presented, the State will require you to put up as much as \$11,000 in cash or a surety bond. Failure to do so will result in suspension of both your driving and registration licenses.

The Safety Responsibility law is an Act of Legislature to protect everyone in Pennsylvania against financially irresponsible owners or operators of motor vehicles who become involved in accidents. It also promotes street and highway safety by facilitating the State's ability to remove habitual accident causers from behind the wheel.

Remember—suspension is automatic if you can't meet the law's requirements. Insurance for resident owners or operators must be written by an insurance company licensed to do business in Pennsylvania and provide the following minimum coverage: 1) \$1000 for property damage 2) \$5,000 for injuries sustained by one person. 3) \$10,000 for all personal injuries resulting from one accident. Enforcement begins automatically on February 1, 1950—so act NOW! Phone or visit our offices for any further details. "Our responsibility is your safety."
