

Rally Monday

All classes and laboratory work will be suspended from 4:10 to 5 p.m. Monday for significant reason.

It'll be the initial chance—and a fine one—for students at the College to see and hear their new president-elect, Dr. Milton S. Eisenhower.

The brother of the famous "Ike" will be on campus Monday. At 4:30 p.m. on the steps of Old Main he'll speak to the students, faculty and others who gather there. Blue Band and the cheerleaders will be on hand. It'll be a short but pungent chapter in student life.

HERE IS THE CHANCE for the students to uphold and demonstrate a faith already voiced by Dr. Eisenhower when he wrote to the Students of Penn State:

"I must say I am overwhelmed by your kindness and intrigued by your ingenuity. It is clear to me that it is going to be downright fun to work with such resourceful students."

Monday's rally could be the first step toward renewal of a close president-to-student relationship that was evident in the tenure of the late Ralph Dorn Hetzel, and even more evident in that of one of his predecessors, Edwin Earle Sparks.

HERE IS THE first chance for the Man on the Mall to "have a literal milkshake" with Dr. Eisenhower.

The day—Monday.

The hour—4:15 p.m.

The place—in front of Old Main.

Safety Valve...

Not Satire

TO THE EDITOR: Who do you think you are to criticize the actions of such loyal servants as James Forestal, late Secretary of Defense, to whom you obviously referred in your "satire" recently. To ridicule a man held in such high esteem by many people certainly shows poor taste as a citizen.

—Jack Hepfer

Ed. Note: Mr. Bonn's article was not a satire on the United States Government. It was intended as a parody on the system employed by the local Panhellenic Council in rotating the presidency of that organization.

Tracking Down Tales

With The Staff

"Oh, she's only a bird in a gilded cage." Since it is deemed improper for girls at Simmons to hang out of their windows and yell at their approaching beaux, a hostess at a recent house meeting suggested they try whistling some special "call" to communicate with the males.

Jim Balog, senior class president, says ring committee work at the College has prompted several other schools to begin working on adopting a ring of their own choosing, rather than "one just put out arbitrarily by a ring company."

It's been proved in a test, You can walk, if you choose, From Nitt-nny to Sparks In just one pair of shoes.

The girls of Beecher House would like to exchange one Naval Air Science and Tactics sign for two Beecher House signs. Either that, or someone to explain science and tactics.
