

# THEY STILL NEED YOU..

You alone, in this country; can furnish students in war-devastated countries with the food, books, medical care and housing which they need.

## The W.S.S.F. Drive Starts Today!

### What W.S.S.F. is . . .

World Student Service Fund is a relief organization of American school and college students and professors for assistance to students and professors of war-devastated countries. It is the only organization in this country which sends aid to these people.

**They need \$1,000,000 NOW!**  
*Penn State's share is \$5,000 . . . the price of a movie or a tube of lipstick from every student*

### What YOUR dollars can do . . .

- \$ 2 Notebooks and paper for one student for one year.
- \$ 5 Will feed a hungry fellow-student for 15 days.
- \$15 Will support a tubercular student for one week in one of the student sanatoria.
- \$25 Will provide a two-month rest cure for a student from a war devastated country.
