

Alumni Group--

(Continued from page one)
the Press reported. A postcard notice of the election advocating the candidacy of the three "independents" bears the names of Clarke W. Clemmer, '15; Ralph Horst, '35; and Homer M. Martz, '33.

'Committee of 90'

On the other side of the election campaign, a special "Committee of 90" has been formed to back the candidacy of Milholland, Maute, and Fritsche. The pro-Milholland group is urging the re-election of the incumbent group because it thinks "it makes sense to keep experienced men on the board during this crucial history of the College."

The independents also oppose a proposal to be presented to the Board of Trustees which would limit voting for trustees to active members of the Alumni Association, and all other graduates who express the desire to vote by requesting a ballot. At present ballots are mailed to about 27,000 graduates, it was learned. About 20 per cent reply.

Although the vote in favor of Dr. Eisenhower was announced as unanimous, the "independents" claim the three incumbents opposed Dr. Eisenhower's appointment. Prior to the selection of Dr. Eisenhower it had been felt in informed campus circles that Milholland was the leading candidate for the position. Dr. Eisenhower's appointment came as a complete surprise.
