Campus Interviews on Cigarette Tests

Number 1...THE PUFFIN BIRD

"What's all the huffin' and puffin' about?
I've been a Puffin all my life!"

You may think this "bird" is funny — but he's no

odder than many of the cigarette tests you're asked to make these days.

One puff of this brand — one sniff of that. A quick inhale — a fast exhale — and you're supposed to know what cigarette to smoke from then on. The sensible test doesn't have to rely on tricks and short cuts. It's a day-after-day, pack-after-pack tryout — for 30 days. That's the test Camel asks you to make! Smoke Camels regularly for 30 days. Your "T-Zone" (T for Throat, T for Taste) is the best possible proving ground for any cigarette. After you've made the Camel 30-Day Mildness Test, we believe you'll know why...

**More People Smoke Camels
than any other cigarette!**
