

Know Nobodies Nobody Knows?

Don't be a wheel—be a broken wheel. Here is your chance to be recognized as a full-fledged, non-active nobody.

Sam Vaughan, editor of Froth, the College humor magazine, in order to promote a more fervent interest in said magazine, has announced the birth of a new hat society, originated and sponsored by the Froth joint chiefs of staff.

The name of the new society shall be the Broken Wheel Hat society of the Pennsylvania State College.

Unites Nonentities

The purpose of the society will be to band together in strict allegiance the nobodies, non-entities, and any person in general who has managed to come through several semesters of school living without having accomplished anything; to have no meetings, charge no dues, and hold no obligations; to not be represented on Hat Societies Council; to be of little or no service to anyone, to uphold and maintain the proud tradition of the nobodys, to foster anonymity, and to let its members alone.

Vaughn requests all fraternities, sororities, and independent men particularly to submit entries of one person of whom they were formerly least proud.

Entries Contain

Entries should contain past records of inactivities, all-college average if sufficiently low, and any other unmentionable qualifications such as having tried out for Players only to have been sent away, having gone out for football only to have been dropped after the first cutting, or having run for an office only to have been miserably defeated.

In Froth's October issue pictures will be run of Mr. and Miss Nobody. These two will be the only officers of the Broken Wheel Hat Society, and will be chosen on the basis of their lack of activi-

ties, their undistinguished all-college averages, and their ability to go along with a gag.

Two full pages in next month's Froth will be devoted to the listing of names of campus nobodys chosen for membership in the Broken Wheel Hat Society. Hats will also be given to the members.

Deadline for entries is Oct. 10, Vaughan announced, and entries should be mailed to Box 845, State College, or handed to any member of the Froth staff.

Three Faculty Members Attend Home Ec Confab

Three faculty members of the School of Home Economics at the College were in Pittsburgh to attend meetings of the Council of the Pennsylvania Home Economics association last week.

Francena Nolan, chairman of the committee on housing; Dr. Helen R. LeBaron, chairman of

TV Innovation Peps Up House

Television has hit the Penn State fraternity!

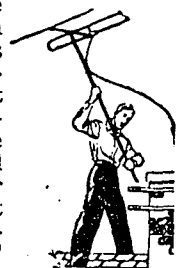

With the problem of the new, temperate Saturday night coke party staring them in the face, the members of Alpha Sigma Phi believe they have found a sensible alternative in the installation of a television set.

The 16-inch screen set was installed yesterday, but with the set came a new problem of what effect it would have on the scholarship standing of the house.

However the fraternity, with the aid of its scholarship committee, has set up rules governing its use. The set will be turned on for one hour only every night in the week except Friday and Saturday.

The expense of setting up an aerial was circumvented by the fraternity through an agreement with a neighbor whereby they will pay him so much a month for the use of his 70-foot antenna.

the committee on recruitment; and Lilla Cartright, chairman of the committee on international relationships made the trip.

Axford Named To Lead Campus Chest Drive

Herbert Axford, has been named chairman for the Campus chest drive, scheduled to begin Oct. 28, and last until Nov. 3.

The goal of the campaign is \$14,000, and the new organization has three purposes. First, the drive will emphasize the responsibility of students and faculty towards the charities and organizations benefited by the funds.

Second, it will minimize the duplicated efforts involved in separate fund raising activities. With this program, each student will be asked to make only one yearly contribution to the projects included in the combined drive.

Third, the drive will establish a definite policy towards the operation of various fund drives on the campus, and will provide an organized control by All-College cabinet.

Groups Benefit

Campus organizations authorized to receive funds, and the amount they will receive are: Penn State Christian association, 45%; Women's Student Government as-

sociation, 5%; World Student Service fund, 10%; Scholargram program, 7%; and working capital for the chest, 3%.

Organizations off campus authorized to receive funds are: Tuberculosis fund, March of Dimes, Cancer fund, and Heart drive, 19%; Salvation army, 5%; Red Cross, 5%; and State College Christmas fund, 1%.

Leaders of IRRA

Officers of the newly organized Industrial Relations Research association are: George Nyce, president; James McMahon, vice-president; Richard Scheaffer, treasurer; and Richard Hughes, secretary.
