In Nashville, Tennessee, there is always a friendly gathering of Vanderbilt University students at the Vanderbilt Center on the campus. And as in universities everywhere, ice-cold Coca-Cola helps make these get-togethers something to remember. As a refreshing pause from the study grind, or on a Saturday night date—Coke belongs.

## Campus Interviews on Cigarette Tests

### Number 2...THE BLOW FISH

*"Shucks—I blew in when I should've blown out!"*

Pity the poor Piscis! He's been making all those trick cigarette tests you've been reading about! He's taken one puff of this brand — one sniff of that. A quick inhale of cigarette "A" — a fast exhale of cigarette "B" — and he's *still* confused! Seriously, isn't the sensible way to test a cigarette to smoke pack after pack, day after day?

That's the test Camel asks you to make — the 30-Day Mildness Test. Smoke Camels — and only Camels — regularly for 30 days. Your "T-Zone" (T for Throat and T for Taste) — is the *real* proving ground for any cigarette. After you've tried Camels as your regular smoke, you'll know why...

**More People Smoke Camels than any other cigarette!**
