

Coeds To Get Invitations To Sunday Open House

Invitations to an open house to be held in the lounges of the West dormitories from 2 to 5 p.m. Sunday will be sent to the approximately 2,200 campus women today.

The lounges in Hamilton, Thompson, McKee, and Irvin halls will be open for inspection. Combos made up of members from the AIM band will provide music in each lounge, and refreshments will be served.

Invitations will also be sent to approximately 150 administration officials and campus dignitaries, including President Eisenhower. The dorm floor presidents will form a receiving line at the entrance to each lounge.

The affair was planned by the newly organized Leonides, Panhel, WSGA, WRA, West dormitories social committee. Richard Lemyre, president of Watts hall, is chairman for the open house, and sub-committee chairmen are Nancy George, foods and decorations; Richard Mills, invitations; Moylan Mills, publicity; and William Zakor, finance.

The open house will be the first function to take advantage of the social facilities of the recently built structures. It will give campus women an opportunity to see the dorms at close range and is expected to provide impetus for further use of the facilities.

Campus Interviews on Cigarette Tests

Number 4...THE COMMON LOON

"Don't be silly!
What do you think I am...
a goose?"

Our fine-feathered friend isn't being "taken-in"

by all those tricky cigarette tests you hear so much about! A fast puff of this brand—a sniff of that. A quick inhale—a fast exhale—and you're supposed to know all about cigarettes. No! You don't have to rely on quick-tricks. The sensible way to test a cigarette is to smoke pack after pack, day after day. That's the test Camel asks you to make... the 30-Day Mildness Test. Smoke Camels—and only Camels—for 30 days. Let your own "T-Zone" (T for Throat, T for Taste) be your proving ground. And when you've tried Camels as a steady smoke, you'll know why...

More People Smoke Camels than any other cigarette!
