# Vishinsky Talks On Atom Bomb

NEW YORK — Andrei Vishinsky spoke before the 60 nation political committee of the UN Assembly about the atomic bomb yesterday. He called it a game which two can play and said the Soviet Union cannot be frightened by a get-tough policy.

Vishinsky called for outlawing atomic weapons and a peace pact among the United States, France, Britain, China and the Soviet Union. The Soviet foreign minister also proposed a new peace plan whereby the first nation to use the atom bomb be branded a criminal.

## Red Resistance Derided

WASHINGTON — An Eighth army spokesman believes there will be no more organized resistance to face in the Korean war. Last night Korean Republican troops were within 50 miles of the Manchurian border. The ROK's are bagging Communist prisoners by the thousands, and more than 120,000 Korean Reds have been captured. The North Korean premier is said to be hiding in the mountains near the Manchurian border where he directed guerrilla activities against the Japanese during World War II.

## U.S. Tracks Down Reds

WASHINGTON—United States immigration officials have been tracking down foreign Communists for deportation from this country. Ten of the most important have been rounded up, but 76 are still being sought.

The arrests are being made under the new internal security law. Aliens may be held for six months on Ellis Island while efforts are made to speed their departure either voluntarily or otherwise.

## Court To Review Case

WASHINGTON—The Supreme Court is going to review the case of 11 top Communist leaders convicted of conspiracy in New York. The court will limit the review to a single point, the validity of the 1950 Smith act making it a crime to teach overthrow of the government by force and violence.

## Froth On Sale Today

The November issue of Froth, the College humor magazine, goes on sale today featuring the one and only Mr. Nobody, champion of the underdog.

Following a catalogue of ineligible "somebodies", Mr. Nobody and his letter of application will appear along with a complete roster of the other members of the Broken Wheel hat society.

The first in a series of feature articles dealing with a school or department of the College will describe the department of architecture.

The frosh are the subject of an art feature which pictures the freshman as he appears to his professors, to hatmen, to sophomores, and to himself.

# Frosh, Soph Nominations Open For Student Council Positions

Preliminary nominations for student council elections began yesterday and will continue until Friday. Elections will be held Nov. 1-2 from 9 a.m. until noon and 1 to 5 p.m.

Students may nominate themselves for the positions of freshman and sophomore representative. In the School of Engineering, students wishing to nominate themselves must turn in their names to departmental offices.

Students in the Schools of Chemistry and Physics and Mineral Industries can nominate themselves by placing their names on the bulletin boards in Osmond laboratory and Mineral Industries building, respectively.

Students in Education, Home Economics, and Liberal Arts must turn in their names to the deans of their schools. Freshmen who wish to be nominated to Liberal Arts student council must have twenty-five signatures of students in the School of Liberal Arts.

In the School of Physical Education freshman and sophomore representatives are nominated by a committee selected from the freshman and sophomore classes. Students may volunteer to be on this committee. Any student not nominated by the committee can have his name placed on the ballot by submitting 15 signatures to the Physical Education student council.

Representatives to the Agriculture student council are not determined by elections within the school. Each department has its own club and representatives are elected from these clubs by members.

# Dorm Council Takes Action To Regain Ping-Pong Tables

By MOYLAN MILLS

Action has been taken by the ping-pong committee of West dormitories council to get ping-pong tables back into the dorms, according to report given at council meeting last night.

Ping-pong tables were taken from the recreation rooms because of damage done to floors and walls by players.

# College Farms Are Attraction

Pennsylvanians do not confine their interests in their native state to Pennsylvania week alone, according to scientists at the College.

Since the close of the war, more and more people, both rural and urban, have been visiting the agricultural experiment station at Penn State, Dr. F. F. Lininger, director, reported.

"Persons not actually engaged in agriculture often are impressed with the size of the College farms and the variety of crops and livestock produced," Dr. Lininger explained. "Visiting farmers, however, often desire specific information relative to individual experiments," he said.

During the past few months, more and more school classes from elementary and secondary schools have made educational tours of the farms, paying special attention to the livestock. Dr. Lininger said that a growing number of foreign scientists have been studying the work underway at Penn State.
