## Campus Interviews on Cigarette Tests

### Number 4...THE COMMON LOON

"Don't be silly!  
What do you think I am...  
a goose?"

Our fine-feathered friend isn't being "taken-in"

by all those tricky cigarette tests you hear so much about! A fast puff of this brand—a sniff of that. A quick inhale—a fast exhale—and you're supposed to know all about cigarettes. No! You don't have to rely on quick-tricks. The sensible way to test a cigarette is to smoke pack after pack, day after day. That's the test Camel asks you to make... the 30-Day Mildness Test. Smoke Camels—and only Camels—for 30 days. Let your own "T-Zone" (T for Throat, T for Taste) be your proving ground. And when you've tried Camels as a steady smoke, you'll know why...

**More People Smoke Camels than any other cigarette!**
