

AIM Officials—

(Continued from page one) entertainment on campus. Any organization may use the file. Walter Miller, senior class vice-president, is in charge of the bureau.

Mills announced a tentative social program for the rest of the year. He said AIM plans to hold nine dances in Recreation hall after basketball, wrestling, and boxing matches; two big weekend house parties; two starlight dances in front of Old Main in the spring; two all-College hikes; a Spring Week booth; and banquet for the board of governors.

Lion Party—

(Continued from page two) being done by non-students, to the students themselves; continues yet to meet its equal on this campus. To obtain this spirit we will support:

1. Better representation at class meetings.
2. Greater spirit of unity at athletic events.
3. More social functions.

State Party—

(Continued from page two) man and sophomore classes, a spirit of class unity and spirit that ing women cheerleaders at next year's sporting events; and working for the installation of aerials in the West dorms, the same open and direct procedures will be employed.

Campus Interviews on Cigarette Tests

Number 5...THE GNU

"I gnu the answers...but I wasn't talking!"

The debating team couldn't make much use of this non-talkative baby... but one look at his "literary leanings" tells you that tests don't buffalo him. Specially those tricky cigarette tests! As a smoker, you probably know, too, that one puff or one sniff—or a mere one-inhale comparison can't prove very much about a cigarette!

Why not make the sensible test—the 30-Day Camel Mildness Test. You judge Camel mildness and flavor in your own "T-Zone" (T for Throat, T for Taste) ...for 30 days. Yes, test Camels as a steady smoke and you'll see why...

More People Smoke Camels than any other cigarette!
