## Encircled Troops Launch All-Out Attack On Reds

TOKYO — American soldiers and marines have launched an all-out attack to break out of their encirclement at Nagaru, in north-east Korea. The first elements of the attacking Americans have reached Koto, six miles south of Hagaru. Despite heavy American air attacks, the Chinese Reds are streaming from Pyongyang toward a new allied defense line. There is no indication that the Reds intend to halt at the 38th parallel as requested by 13 nations of Asia and the Middle East.

### Truman, Atlee Agree

WASHINGTON — President Truman and Prime Minister Atlee announced yesterday an agreement to speed up building the defenses of Europe. Atlee who rejected Red China pledged Britain to fight it out in Korea beside the United States. However he urged recognition of realities in the Far East, including the fact that the Communists control all the mainland of China.

Washington officials said that the President is against appeasement as a solution of the Korean crisis. The same sources said that the United States will reject any suggestion to buy off the Chinese Reds by giving in on Formosa or Indo-China.

LAKE SUCCESS — Russia's Andrei Vishinsky attacked the 13-nation appeal at the United Nations for Communist China to stop at the 38th parallel. He said that the supporting nations had backed the MacArthur drive beyond the 38th parallel.

## IFC Vote Favors Collegian Increase

Interfraternity council voted last night in favor of the 35-cent assessment increase for the Daily Collegian by instructing President Harold Leinbach to vote for the assessment in future All-College cabinet meetings.

Dean Gladfelter, Collegian editor, explained to the council the reasons for the increase in the assessment, and answered questions asked by IFC members.

Passed 18 to 16

The motion in favor of the assessment was passed by a vote of 18 to 16.

After a motion to take no action on the proposal was defeated, a motion against the assessment was made. This also was defeated.

No definite action was taken on the IFC Christmas project. Leinbach said he was informed that a smaller number of baskets would be donated this year because of a decrease of needy persons in the community.

Leinbach appointed a mobilization committee to study the effects of the war situation on draft-eligible men at the College.

## Penn State Club Backs Increase In Assessment

The Penn State club, as the result of a straw vote taken at its meeting Tuesday night, voted to support the proposed increase in the Daily Collegian's student assessment.

The club discussed and voted on the assessment as a means of providing All-College cabinet with club member opinion when it comes to a vote before that body, according to Joseph Lipsky, president. The Collegian had asked Saturday that all organizations consider the matter at their next meetings.

The operation of a new student agency on campus, the Student Floral Agency, was outlined yesterday by Allan Reese, head of the office of student employment at the College.

The new organization will be managed by Lincoln Van Sickle, Reese said, and will provide the facilities of all three local florists for the dorm areas.

Set up on a temporary basis for the Junior prom this year, the agency will operate for this week's Mil ball, and for other major dances during the year. Students may place orders with the dormitory representatives and flowers will be delivered.

## Lamie Scores 24 Points As 3500 Watch Lions Win

By ERNIE MOORE

Approximately 3500 basketball fans looked on in delight last night as Penn State successfully opened its 1950-51 basketball season by soundly trouncing Ithaca College, 70-31, on the Rec hall court.

The Nittany cagers displayed a sharpshooting and aggressive game against the Bombers, combining a cautious offense with a tight zone which forced the Bombers to hurry their shots and shoot from beyond the foul circle.

Captain Lou Lamie paced the Nittany quintet in the scoring column as the jump shot specialist poured 24 points through the hoop. Hardy Williams took runner-up honors with 11 counters.

### Hit On 35.5

The Grossmen connected on 35.5 per cent of their shots while the Ithacans could show only a 16.5 per cent card.

The Lions built up a lead early in the first half and it was never seriously threatened. Lamie countered State's first score with a one hand jump shot from the key. McMahan, Williams and Panoples each scored two pointers before Lamie counted again with two fouls to run the score to 10-0.

Burt Maskin was the first Bomber to break into the scoring column when he converted a foul after five minutes had elapsed in the contest.

With Lamie and Williams providing most of the points the Lions moved to a 20-8 lead before Ray Kirkgasser began hitting on set shots and pulled the Ithacans to within 11 points just before the half ended. But Stu Phillips and George Lynch popped in six points between them and State

## New Dorm Paper Distributed Today 4 Men Fined By Tribunal

The first issue of a West dorm newspaper, as yet unnamed, will be distributed today, Jack Mounts, editor of the new publication, announced yesterday.

The paper, a weekly, will be a four page edition to be distributed through the mail boxes of the students in that area. At present, Mounts said, the paper is published under an agreement with H. K. Wilson, dean of men. A charter for the publication will be secured later.

Details for a contest to name the newsheet will appear in the first issue. The contest is limited to residents in the West dorm area and carries a prize of \$5 to the winner. The winner will be announced in next week's edition.

The staff of the paper needs more members, Mounts said. At the moment, the staff includes Jack Mounts, editor-in-chief; John Clark, business manager; Marlowe Hanson, sports editor; Howard Sprankle, circulation manager; Rex Shafer, sports reporter; and Robert Hess, reporter.

The idea for the paper was proposed by John Clark at a West dorm council meeting last week. Contest judges will be the publicity committee of the council and the council itself.

## Beta Men Caught With Campus Tree

Several members of the Beta Theta Pi fraternity were caught early yesterday morning after removing an 18-foot spruce tree from the forestry planting plots on the east end of the College farms, Capt. Philip Mark, campus patrol, said yesterday.

"It was one of the nicest trees up there," Capt. Clark said "they'll have to pay for it, at least \$35, and maybe more."

When apprehended, the boys said they had obtained the tree from a farmer, but campus patrol members followed the trail made by broken twigs and branches. It led to the stump in the College farms. They later admitted the theft, Mark said.

## Cabinet Will Meet At Eisenhowers'

All-College cabinet tonight will hold its second social meeting of the semester at the home of President Milton S. Eisenhower, according to Robert Davis, All-College president.

The non-business meeting will begin at 7 o'clock. The group will bring President Eisenhower up to date on past actions and discuss future plans. Cabinet had a similar meeting with the President during October.

Cabinet had originally been invited to the President's home last Thursday, but the meeting was cancelled when weather conditions prevented many cabinet members from returning to campus.

Davis said a business meeting would be held next Thursday. He said two things probably on the agenda would be the Daily Collegian's request for an increase in its student assessment from 75 cents per person each semester to \$1.10, and a report by the Christmas lawn display committee.
