Recorder Releases Registration Plans

Instruction for registration procedure for Spring semester on Feb. 1, 2, and 3 have been released by the office of the Recorder.

Registration procedure will be the same as in previous semesters with one exception. All registration forms will be distributed to students in an envelope when they report to their advisors. These forms must be filled out before students go to Rec hall.

Students who have completed first phase registration and have no changes to make in their first phase schedule must report to their advisors and secure the registration envelope containing the signed application form and other forms, fill out all the forms, and proceed to Rec hall taking the registration envelope and completed forms with them.

Additional Forms

Students who have completed first phase registration and have a change to make in the first phase schedule receive a drop-add form from the adviser which they will fill out and have signed. They must then fill out all the forms in the registration envelope, and report to the board of control to have the drop-add form checked and initialed by the proper departmental representative. The board of control checkers will be in 4 Willard hall. The student may then proceed to Rec hall with registration envelope and completed forms.

Students who have not completed first phase registration are to report first to their adviser and fill out and have signed a registration application form, then report to the board of control, have the registration application form checked, and each course initialed by the proper departmental representative.

Checkers In Willard

Then from the board of control checkers in 4 Willard hall, students secure the registration envelope and proper official registration form, go to any classroom on the first floor of Willard hall, and fill out the official registration form and all forms that are in the registration envelope. The student may then proceed to Rec hall with the registration envelope and completed forms.

Graduate students may register until Feb. 10 without paying the late registration fee.

Players To Hold Tryouts

Tryouts for the "Show-Off" Player's next production at Schwab, will be held January 15-17 at 7:15 p.m. in the Little Theater, basement of Old Main.

Future Chest Plans Heard By Cabinet

Five recommendations for future Campus chest drives were submitted to cabinet Thursday night by chest chairman Herbert Axford as a part of the final report of his committee.

The chest report was one of several heard by cabinet during the session. Committee appointments were also a major item of business.

Axford's recommendations included substituting another charity for the Red Cross as a Chest charity; setting up a system of housing cards with student addresses to be available in early fall; naming of the chest committee by the April 15 preceding the drive; opening of the drive by Nov. 4; and the completion of all preparations possible during the preceding spring.

'Short And Sweet'

Tribunal chairman Neil See suggested a "short and sweet" program of customs for the 50 freshmen due on the campus in February. He said a spot sur he had conducted of 75 freshmen seemed to indicate that most of them thought the customs program did constructive good and should be continued.

Cabinet also heard a report on the NSA regional convention at Philadelphia.

Truman Gives Austerity Plans To Congress

WASHINGTON — President Truman presented Congress with an austerity program yesterday that the entire nation would feel.

He called for a 25 per cent increase in the nation's industrial output in the next five years; an increase of nearly one million men and women in the armed forces; more liberal wage and price controls and authority to spend 140 million dollars on defense preparations. He also asked the legislators to raise taxes by "very much more than eight billion dollars."

Marines Call 2,250

WASHINGTON — Calls for 2000 more ground force officers and 250 aviators were issued by the Marine Corps yesterday. Officials say they are getting ready to recall most of the 2500 ground staff non-coms not already called.

Korean Front Threatened

TOKYO — The entire 15 mile front of the U.S. Second Division was threatened yesterday by two new Red roadblocks — one 10 miles south of Wonju and another 31 miles south, near Ochi.

Heavy troop movements have been noticed, apparently in preparation for exploitation of a breakthrough on the front west of Seoul. In the eastern sector, the Chinese are also building up concentrations for what might be an attempt to cut off UN forces south of Seoul.

Engineer Open House

An open house for all students will be held at the Organized Reserve corps center, 616 W. College avenue, on Monday night from 8 to 10 p.m. It will be sponsored by the 491st Engineer Battalion.

Arthurs To Speak On Gold Standard

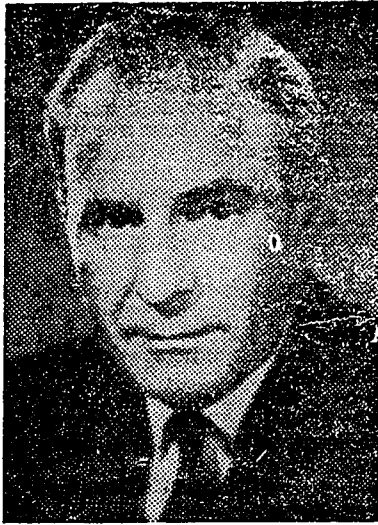

Addison W. Arthurs, assistant state chairman of the Gold Standard league, will deliver two addresses Monday.

Arthurs will speak at 10 a.m. in 121 Sparks on the topic, "Why the Gold Standard is Necessary in a War Economy," and at 2 p.m. in 105 White hall on "Common Stocks as Hedges Against Inflation." Both talks are open to the public.

The Gold Standard league is advocating that the United States return to the gold standard. Arthurs is a general partner in a Pittsburgh securities brokerage.

The talks are under the joint sponsorship of Delta Sigma Pi, Alpha Kappa Psi, and Chi Theta, commerce fraternities, and the Political Ec club.

To Conduct Symphony

Theodore K. Karhan will conduct the College symphony orchestra at 3 p.m. tomorrow in Schwab auditorium.

Durek Favors Activities Fee

Thomas Durek, president of West dorm council, yesterday came out in support of the proposed social activities assessment for West dormitory residents.

A 50-cent per semester assessment to finance a social program was recommended to the council at its last meeting by representative John Clark. There is some possibility that \$1 per semester will be asked when a formal motion is made on the subject.

The council will consider the assessment at 7 p.m. Monday in 127 West dining hall. If passed by the council, the assessment would have to be approved by the board of trustees before it could go into effect. The trustees meet Jan. 19 in Harrisburg.

Normal procedure calls for assessments to be approved by All-College cabinet. West dorm officers, however, do not plan to submit the proposal to cabinet, since the measure applies to West dorm men only.

The assessment would raise an estimated \$3000 during the school year. The money would be used to finance social, recreational, and cultural activities, Durek said.

Two To Attend WSSF Confab

William Klisanin, representing All-College cabinet, will attend the general committee meeting of the World Student Service fund in New York Monday.

Luther Harshbarger, executive secretary of the PSCA, will also attend the meeting in his capacity as member of the general committee of WSSF.

The meeting will be held to evaluate the WSSF appropriation of \$47,000 for National Student relief in China. At present these funds have been frozen by the United States government, and the WSSF.

Another topic of the discussion will be the problem of displaced persons coming to American colleges.

The International Refugee organization transports the DP's to the U.S., but in March this organization will cease to exist.

Displaced persons are being brought over now only if assured of a job for one year in the college community. The local NSA committee and the PSCA, working with WSSF, have hopes of accommodating 25 students here.

Other items on the agenda are a report on the Geneva meetings concerning the World Student relief meetings there, and a discussion of the 1951 status of WSSF.

'Antigone' Tickets

Tickets for tonight's performance of "Antigone" are still available and may be purchased at the Student Union desk until noon today and again from 7 until 8 p.m. Tickets are priced at \$1.

Johnston Forum Speech Delayed By 'Emergency'

Eric Johnston, scheduled to speak on the Community forum program Tuesday, will not appear at the time set, Clayton Schug, forum chairman said yesterday.

Johnston informed the forum committee that he was asked to fulfill an important assignment dealing with the national emergency which makes it impossible for him to

present his topic at this time, Schug added.

Rescheduling Attempted

However, the committee will do all it can to secure Johnston's services at the earliest possible date, according to Schug.

"We are sorry to have to disappoint the public temporarily but ask its indulgence," Schug continued.

"The committee desires to bring men of Johnston's stature to the forum," Schug said, "but in so doing must expect that during this emergency an occasional change of date, speaker, or both will be necessary."

Forum patrons were advised to save their tickets for the Eric Johnston number. A new date for his lecture will be set and publicized.

Johnston Active

Johnston, president of the Motion Pictures Association of America, is former president of the U.S. Chamber of Commerce. He served on several government committees during the past war, including the Economic Stabilization board, Economic Development committee, and the War Manpower commission. He is now serving as chairman of National Brotherhood week.

2 Dorms To Hold Exchange Dinner

The first exchange dinner in the West dorm area will take place tomorrow at 12:30 p.m. between McElwain and Hamilton halls.

The exchange will be on a 50-50 basis, half of the couples using the new Hamilton dining hall and half using the McElwain dining hall. Hamilton residents who have obtained dates from dormitories other than McElwain are requested to cancel them by the dean of women's office.

Planning and organization of the affair was by Nancy Powers, Mary Jane Baily, June Leighty, Grace Porello, Charles Brewer, Richard Post, Charles McClintock, Edwin Thorman, Leonard Horchos, Keith Smith, and Herbert Tomlinson.

'Faith In Our Time' Will Be Chapel Topic

"Faith in Our Time," will be the topic of Dr. William W. Reeder at the College chapel service in Schwab auditorium at 11 o'clock tomorrow morning.

Dr. Reeder is now a member of the Presidency of the Eastern States Mission of the Church of Jesus Christ of Latter Day Saints. He is a native of Brigham City, Utah, and received his BS and MS degrees in sociology from the Utah State Agricultural college. He served 46 months in the Army Research branch studying problems of morale and personnel. Twenty-nine months of his army career were spent in the European theater.

He finished work on his Doctorate degree at Cornell in 1947, and was a member of the Penn State faculty in the rural sociology department in 1948. Dr. Reeder was recalled to Cornell in 1948, and has been teaching in the rural sociology department at Cornell since then. In addition to his teaching, Dr. Reeder has been doing work in the Mormon church in this area. He is a member of a mission which includes Pennsylvania, New York, New Jersey, Maryland, and Delaware.

Paper Refunds Available At Employment Office

Refunds for newspapers not received this semester can be picked up in the Student Employment office in 112 Old Main, Allen Reece, head of student employment said yesterday.

He asked that receipts be brought in before next Wednesday.

Reece also said that there would be an increased number of Sunday papers on sale in the postal area of Hamilton hall tomorrow morning.

Cabinet Accepts Report On Activity File Project

All-College cabinet heard a report Thursday night on a projected system of activities files for every male student on campus, and approved the recommendations of the committee.

Submitted by James Worth, the report said the main advantages of such a system would be the availability of records to employers and FBI civil service security checkers; assistance to counseling awards committees, as well as faculty advisers; the probability that it would bring more men out for activities, and the aid it would offer to La Vie and campus honoraries.

Speaking for the activities file, H. K. Wilson, dean of men, said such a unified setup would be a great help to his office. Both he and Worth pointed out that such files are in use for women students and have proved valuable.

As suggested by the cabinet committee, the system would have a small card for each male student, listing his name, school, and activities and average by semester.

Councils Keep Files

The files would be kept up to date by the individual school councils, which would be responsible for their accuracy. This, said Worth, would eliminate possible

"padding" by individual students. Information for the files would come from the activity groups themselves.

To initiate the system among students already on campus, the report suggested that cards be filled out at the February registration and checked for accuracy by the faculty advisers. For incoming freshmen, the cards would be handled by the school councils from the beginning.

Worth said his committee could operate the table for activities cards during registration. All money necessary would be supplied by the Dean of Men's office.

Wilson predicted that once the files were set up, his office could probably take over the administration of them. He said they would be a valuable aid to him.
