(Continued from page one)

Grube, Hazel Hubbard, and Irene Jeffress, School of Education; Ruth Knoebel, School of Home Economics; David McNelis, Joanne Luyben, and Susan Neuhauer, School of Education.

Kennetta Peters, School of Liberal Arts; Nancy Saylor, and Dorothy White, School of Home Economics.

Awarded 1920 Class Scholarships of \$100 each were Eugene Apple, School of Chemistry and Physics; David Budenstein, School of Mineral Industries; Tariq Khammash, School of Engineering; Jean Nisley, School of Liberal Arts; and Phyllis Szolack, School of Chemistry and Physics.

#### Class Scholarships

The 1920 Class Scholarships were established in 1946 from the proceeds of life insurance policies and are used for students of the junior and senior classes based on scholarship, character, and financial need.

According to the stipulations provided by the Helen Wood Morris Scholarships two students gain awards yearly. Robert Gilmore, School of Agriculture; and Thaddeus Matylewich, School of Engineering, received \$62.50 each.

David Smith, School of Engineering, was presented the Vance C. McCormick Scholarship of \$120.

John Laubach, School of Liberal Arts; and Gaston Lebois, School of Education; were awarded the Lt. Harry Edward Wagner Scholarship. Laubach received \$75 and Lebois, \$100.

This fund was established by Mrs. Maude B. Wagner in memory of her son.

Chairman of the Senate Committee on Scholarships and awards is R. L. Weber, associate professor of physics.

### Military Training Courses Doubtful

There is little prospect that the Army or Navy will establish military training programs on college campuses in the immediate future, reliable sources in Washington recently reported.

However, the Navy plans to increase the number of naval ROTC units from 52 to 60 or more, while Army training facilities reportedly have been built up and are considered capable of expansion to take care of foreseeable future needs.

Although the Air Force already has made several surveys of universities and colleges for training purposes, it has yet to indicate its long range plans.

### Art Exhibit To Open

An exhibit, titled "The Modern Chair," consisting of several large photographs from the Museum of Modern Art will open today and continue for three weeks on the third floor of the Main Engineering building.

### 5 O'Clock Theater Uses McCoy Play

"Louie and the Goat," an original one-act play by Eddy McCoy, will open the third season of the Five O'Clock theater today.

All performances begin promptly at 5 p.m. in the Little theater in the basement of Old Main and seldom run more than 25 minutes. There is no admission charge, but the theater seats only 120.

Most of the plays used by the Five O'Clock theater have been written by students or faculty members and are script-in-hand experimental productions performed by volunteers of the Five O'Clock Stock company.

Manager Ted Jones said that plans are being made to present a play every Tuesday throughout the spring semester.

### GSA Increases Building Funds

The General State authority has increased its building funds for the College to permit the awarding of construction contracts totaling \$2,041,970.

Allocation was made of an additional \$620,000 for construction of a new chemistry laboratory building, a chemical storage building, an addition to Pond laboratory, and seven new greenhouses and laboratory workrooms for agricultural research.

Bids have been taken on all five projects, but contract awarding was held up pending GSA approval of increases forced by higher construction costs.

WILL PERSON who lost light overcoat Saturday in Sparks report at main lobby of Hamilton Hall.

### ROTC—

(Continued from page one)

case of women students, for credits taken in place of ROTC courses.

Dr. B. A. Whisler, chairman of the Senate committee on military instruction, said that in isolated instances regulations of the Defense department or of the individual services might affect the granting of credits and excuses, but that generally the full schedule would apply.

Services for which credit is granted are the Army, Navy, Air Force, Marine Corps, and Coast Guard.

### Veterans' Registration

Any veteran who has not registered for the spring semester should report to 3 Willard hall as soon as possible, according to Mrs. Rebecca Doerner, veterans registration office. Students who fail to report will not receive their Veterans administration rights.

### Childhood Education Discussion Tonight

"The Voice of Experience" will be the topic for discussion at the meeting of the Association for Childhood Education at 7:30 tonight in Atherton hall lounge.

Students who have recently taught in the elementary schools of York and State College will tell their experiences.

### Army Order Brings Local Mail Relief

Mail service into and out of State College has been returned to normal, a post office representative said last week.

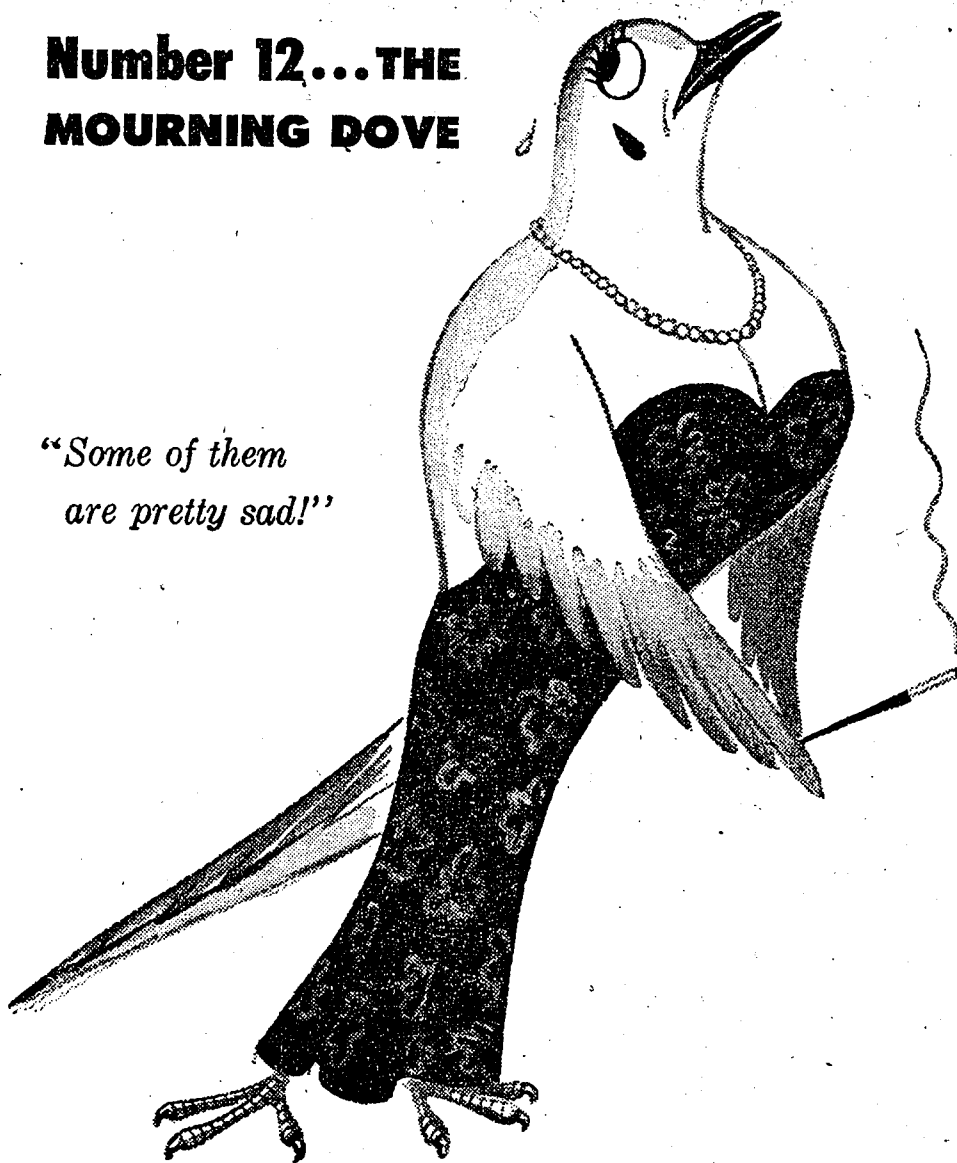

Because of the Army order to the trainmen, "the embargo has been cancelled and everything is back to normal," he said.

## Campus Interviews on Cigarette Tests

Number 12...THE MOURNING DOVE

"Some of them are pretty sad!"

Melancholy and dejected, this gloomy miss found little to titillate her in the recent deluge of quick-trick cigarette tests! She was not enthralled by the idea of judging cigarette mildness with just a fast puff or a single sniff. But, joy of joys! ... happiness came to her when she discovered one test that left no doubt in her mind.

It was the sensible test! ... the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke -- on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels -- and only Camels -- for 30 days in your "T-Zone" (T for Throat, T for Taste) we believe you'll know why ...

More People Smoke Camels than any other cigarette!
