

Get Away From It All And Make \$\$\$ Too

By ERNIE MOORE

Wanna get it away from it all this summer? Wanna spend your vacation at a fashionable summer sort or camp high in the cool mountains or on the edge of a beautiful lake?

And do you want to make some spending money for school next year—for that new formal or tux or payment on that new convertible?

Where would you rather work? New England, the Middle Atlantic area, the South, the Midwest? The Student Employment office has a list of over 300 resort and camp jobs available for College students this summer with complete data on each job.

The camps are interested in men and women experienced in general counseling as well as special skills in music, crafts, and athletics. The resorts want bell boys, kitchen help, and recreation leaders.

Salaries? They range from \$75 to \$300 for the season and include room, board, and usually laundry. And, most important, included is the privilege of using the camp or resort facilities.

What do you have to do to get one of these jobs? Just go into the Student Employment office in Old Main and look through the data on all available jobs filed in the trays there. Make your choices and file your applications.

What better way is there to spend your summer vacation than swimming, boating, and dancing at a fashionable resort and at the same time pulling in some spending money for school next year? You tell me!

MacRae Talks On 'Rescue'

"A Rescue in the Grand Canyon" is the subject of an illustrated lecture to be presented by Allan A. MacRae, Ph.D, tonight at 7:30 o'clock in Room 10 Sparks. Dr. MacRae, internationally-known authority on archaeology, mountain climber, and president of Faith Theological Seminary in Wilmington, Delaware, participated in the rescue of the three Army flyers who were marooned in the Grand Canyon. This rescue was acclaimed at the time by the newspaper of the Army Air Forces in Kingman, Arizona, as "the greatest rescue in the history of army aviation."

Time magazine and Lowell Thomas carried accounts of the rescue, and Dr. MacRae received letters of thanks from heads of the Air Force and the National Park service.

Dr. MacRae is the guest of the Penn State Bible fellowship, and will be on campus today, tomorrow and Sunday. Tomorrow afternoon at 2:00 o'clock he will speak at a seminar in Room 405 Old Main on "What Do We Mean When We Call the Bible the Word of God?" and "The Bible and Creation." Saturday night at 7:30 o'clock in Room 405 Old Main Dr. MacRae will speak on "Has Archaeology Proved the Bible False?"

Sunday afternoon at 2 o'clock his subject will be "Has Old Testament Prophecy Been Fulfilled?"

Medical College Test Will Be Given May 12

The medical college admission test will be administered May 12 to students intending to enter medical colleges in the fall of 1951.

Bulletins of information and applications are available in 207 Buckhout. Registration ends April 23.

mittee, said the committee had been in contact with Lee Carter, political science instructor at the College and member of the educational lobby in Harrisburg.

Fitzcharles said the committee had not contacted the College faculty and staff but said they and the townspeople are asked to sign the petition which will be placed at key points on campus and in town.

The petition notes that students, faculty, employees, and friends of the College in cooperation with NSA and other colleges in the state urge passage of either the bill or the amendment "whichever one might be valid under existing laws of the state."

Forwarded To Committee

The bill and the amendment have been placed in the hands of State Senator Edward B. Watson and Assemblyman Wilson L. Yeakel, both of Bucks county. Klisanin said the proposals have been forwarded to the chairman of the state elections committee.

He said other colleges had promised to support the petition which was approved at the regional assembly of the NSA held in Philadelphia last December. Copies of the petition have been forwarded to the colleges, Klisanin said.

Sophomore class officers Arthur Rosfield, vice-president, and Nancy Showers, secretary-treasurer, were installed at the meeting. William Bair, president, was installed with the freshman officers at previous meetings.

Officers' Names Requested By SU

All fraternities, sororities, clubs, societies, and similar organizations which have elected or appointed new officers for the spring semester were requested yesterday to send a list of their new officers to Student Union.

The Student Union keeps lists of all organization officers in order to provide quick and accurate contacts with organization heads.

Because there have been many spring elections, their files have fallen behind, and they would like to bring them up to date, Student Union officials said.

Dr. Rossman Receives Education Appointment

Dr. Jessie McVey Rossman, associate professor of the School of Economics, has been appointed to the evaluating committee of the Commission of Institutions of Higher Education.

The commission is part of the Middle States Association of Colleges and Secondary Schools.

Dr. Rossman will be in Scranton March 4-7 serving on the committee evaluating Marywood college.

Five Students Chosen For Outstanding Work

Five students at the College have been selected by the Central Pennsylvania section of the American Chemical Society to receive "Student Achievement Awards" for outstanding work in chemistry and related fields.

Those cited by the society are Eugene Apple, chemistry; Lorraine Dreisbach, agricultural biochemistry; Richard Higgs, metallurgy; Joan Schilk, chemical engineering; and John Sinfelt, chemical engineering.

Nearhoof Presents Paper To AIEE

Harold Nearhoof, research assistant in the ionosphere research laboratory at the College, presented a paper at the convention of the American Institute of Electrical Engineers in New York city last week.

The paper was written jointly by Dr. A. H. Benner, formerly a research associate in the ordnance research laboratory, and Nearhoof. It was titled, "Polarimeter for the Study of Low Frequency Echoes."

Leonard Doggett, Harold Tarpley, and Philip Rice, all College faculty members, also attended the meetings. Tarpley is a member of the servo-mechanism committee, and Rice is a member of the safety committee of the institute.

Proctor To Address Baptist Group Sunday

Dr. Samuel Proctor, dean of the chapel at Virginia Union university, will be the guest speaker for the regular meeting of the Roger Williams fellowship at the University Baptist church, Sunday from 5 to 7:30 p.m.

Dr. Proctor is a Religion-in-Life week guest here at the College. A student-prepared supper will be served beginning at 5 p.m.

Home Ec Professors To Attend Conference

Dr. Jean Amberson, Dr. Jessie Rossman, and Miss Margaret Reigel, of the Department of Home Economics Education at the College, will travel to Washington, D.C. to attend a five-day national conference of Home Economics Teacher Trainers beginning Monday.

Committee Seeks Funds From SU For Music

Yesterday's Collegian erroneously said that a special committee of AIM was seeking to have the food service department pay for the cost of broadcasting dinner-time music in the Nittany-Pollock dining hall under a plan similar to that in effect in West dorms.

The request is for Student Union to pay the cost, as it is doing in the West dorms.

Ballot-

College for foreign tours, Klisanin said.

Jazz Concert

The date for the Dixie Land jazz concert was tentatively set for March 3. Gene Witmer will furnish music for the program.

Klisanin reported that Clair George, chairman of the encampment program, had sent letters to about 100 schools to get views on a proposed student leader-faculty administrator program.
