

Baer Returns To Germany

Otto Baer, German exchange student who attended the College last year, now is back in Germany continuing his education at Hohenheim college.

While he was at the College, Baer was the guest of Alpha Zeta fraternity. During his school vacations, he found time to hitch-hike throughout the United States. During these trips, Baer photographed much of the scenery.

From these photos he had colored slides made, which he took back to Germany with him. He later built a talk around these pictures.

Baer recently gave a talk, using the slides, at the American library in Stuttgart.

Miller To Speak At MI Smoker

Sigma Gamma Epsilon, mineral industries honorary professional society will hold a smoker tonight at 7:30 o'clock at the Theta Xi fraternity house.

Dr. E. Willard Miller, head of the Department of Geography, will speak on his trip to Alaska. Fifteen new pledges have been invited to the smoker.

Automotive Engineers To Hold Open Meeting

The Society of Automotive Engineers will hold an open meeting for members and interested engineering students tonight at 7:30 o'clock in the Lutheran Youth center, 412 W. College avenue.

The speaker for the evening, William Burenette, president of the Altoona Diesel club and foreman for the Pennsylvania Diesel shops in Altoona, will talk on "Troubleshooting."

Refreshments will be served after the meeting.

April Deadline Set For Enrollment

A deadline of April 15 has been set for enrollment in the Fulbright program for university lecturing and advanced research in East Asia and the Pacific area, Robert E. Galbraith, Fulbright adviser at the College, said last week.

Approximately 70 awards will be given in the 1952-1953 program, which provides work in New Zealand and Australia from March to November, 1952; in India and Pakistan from July, 1952 to April, 1953; and in the Philippines, Burma, and Thailand from June, 1952 to March, 1953.

Galbraith said that all persons interested in applying for lecturing and post doctoral research assignments should write to the Executive secretary, Committee on International Exchange of Persons, Conference Board of Associated Research Councils, 2101 Constitution avenue, Washington, D.C.

Graduate students desiring to enroll should apply to the Institute of International Education, New York.

IFC-

(Continued from page one) Newsletter, said Panhel would have an editor and one-fourth of the space and pay for one-fourth of the paper under the new Newsletter set up.

Panhel formerly had just a column in the paper.

James Wharton, co-chairman of the IFC-Panhel sing, reported that participating fraternities would receive notification of their sing positions soon. Wharton said quartets and soloists were not permitted in the sing.

The general extension services of the College, a program of adult education and teaching for Pennsylvania residents, are considered by educators in other institutions to be second to none in the U.S.

AIM-

(Continued from page one) ed the first three weeks of the school year or at a special election to fill a vacancy. Also, the councils would be included with the dean of men's office as those the elections chairman is responsible to.

It was also suggested that the new officers take over at the beginning of the last meeting of the school year and that they attend all executive committee meetings and all board meetings from the time they are elected until installation. Present board members would relinquish their seats at the beginning of the first meeting after elections.

Grant Provision

A provision calling for a council to show the necessity of any grant or loan given them, and that it be passed by a two-thirds vote of the membership was also suggested as was a maximum of \$100 for any grant or loan during the school year. A budget report would be required before any vote.

The advisors were brought to the meeting as a result of criticisms reported to board members of the program by residents of the dorm areas. A committee composed of William Zakor, chairman, Douglas Horner, Thomas Durek and Leonard Tomazin was appointed to meet with the advisors and discuss the problem.
