

## Morgan Made Tech Editor

Thomas Morgan, former editor of the Daily Collegian, has been appointed editor of the Carnegie Tech News service at Carnegie Institute of Technology.

Morgan was graduated in 1950 and earned a bachelor of arts degree in journalism. He was plant reporter for the Edgar Thomson works, U. S. Steel company at Braddock, Pa., and worked on the staffs of Lancaster, Wilkensburg, State College, and Vandergrift newspapers.

While at Penn State he was president of Hat Society council; founded Androcles, junior men's hat society, and Inking; and participated in many other extra-curricular activities.

## LA School Still Largest In College; Phys Ed Smallest

The School of Liberal Arts still is the largest school of the College and the School of Physical Education is the smallest, according to recently released enrollment figures.

Veterans' enrollment at the College this year has dropped to 2,550, 604 fewer than the 3,154 veterans were enrolled last semester.

Liberal Arts enrollment is 2,622. The School of Agriculture, with 1,707 students, and the School of Education, with 1,612, are the next highest. There are only 311 students in the Physical Education school.

Largest class is the junior class with 2,470 students. The freshman class, which has 1,034 students, is the smallest.

The arts and letters curriculum in Liberal Arts is the largest curriculum with 1,347 students.

Although the male-female ratio is dropping, the females still have the pick of the crop, for there are 2,424 coeds enrolled and 7,918 male students.

## 3 Students Injured As Car Overturns

Three students at the College were injured when their car overturned Tuesday night on the Port Matilda-Tyrone road.

The men were John C. Seitz, 19, driver of the car, possible fractured jaw; George F. Krouse, cuts of the forehead and face; John J. Staik, 21, bruises of the left leg; all of Punxsutawney.

The men were treated at the office of a Tyrone doctor.

Police said the car ran off the road, hit a pole and overturned after rounding a curve. The car was damaged beyond repair, police said.

## Dilworth To Speak In Pleasant Gap

Richardson Dilworth, Philadelphia city treasurer and former Democratic candidate for governor, will speak at the annual Jefferson-Jackson day dinner at the Lutheran church in Pleasant Gap tomorrow at 7:30 p.m.

This marks the first appearance of Dilworth in the county since last fall. He was defeated in his bid for the governorship by John S. Fine.

## 'Death' Comes To Eastern Loop

Carl P. Schott, dean of the School of Physical Education and Athletics, has pronounced the proposed Eastern Athletic conference, "dead" as far as Penn State is concerned.

In a report to the Athletic association, Schott said that there had been no developments and that the matter was to be considered dead.

Both Schott and President Milton S. Eisenhower had expressed interest in the conference after Penn State had been mentioned in connection with formation of an Eastern Football league.

President Eisenhower said that he was interested in an athletic conference, but not one limited to football.

Earlier in the month, Schott reported that informal meetings had been held in connection with forming such a league but that there had been no developments.

## 'Engineer' Names Sparhawk Editor

Burt Sparhawk has been named editor of the Penn State Engineer for the next school year.

Retiring editor Robert Bailey also announced the following promotions:

Richard Goldman, business manager; Marvin Cetron, managing editor; Charles Falzone, feature editor; Vaughn Rotz, illustrations editor; Kenneth Shull, local advertising manager; Willard Dye, national advertising manager.

Bruce McMillin and John Walsh, circulation managers; Renato Rodriguez, promotion manager; and Charles Webb, business accountant. James Grey will retain the position of photography editor and Grace Black will remain as office manager.

Charles King will represent the Engineer on the student council.

## Basketball Practice

Members of the varsity and freshman basketball teams are asked to report to Assistant Coach John Egli and frosh Coach Joe Tocci in Rec hall Monday at 4 p.m. for the beginning of spring practice.

## Welfare Dept. To Hold Confab

Approximately 60 farm managers, stewards, and superintendents of institutional farms of the State Department of Welfare are joining in the 25th annual conference at the College this week.

The conference, which began yesterday and continues through tomorrow, has a program given by outstanding specialists, administrators, and research workers to explain new techniques and methods. Discussions will also be held.

Today's program includes a series of talks on dairy production and agronomy, followed by a visit to the College dairy breeding research laboratory. Secretary of Welfare William C. Brown will honor outstanding achievements tonight when awards will be presented.

## Nittany Gridders Open Spring Drills

The Nittany Lion football team will begin spring drills this afternoon. Coach Rip Engle and his staff will send the Lion gridders through their paces for the next five weeks in preparation for the 1951 season.

At a meeting of the squad candidates last night, Engle and his assistants outlined plans for the spring drills and distributed new plays which the Lions will use this season.

The first practice will get under way at 4:30 o'clock this afternoon. Spring practice will last until approximately May 5.

Fraternities at Penn State are outgrowths of eating clubs such as the Delmonico, Duquesne, and Clover clubs, which originated around 1890 when Old Main was renovated and the students boarding there were forced to eat elsewhere.

ance of Dilworth in the county since last fall. He was defeated in his bid for the governorship by John S. Fine.

## Campus Interviews on Cigarette Tests

### Number 15...THE LONG-WATTLED UMBRELLA BIRD

"They must think I don't have enough sense to get out of the rain!"

It made L. W. madder than a wet hen when they

asked him to judge cigarette mildness by taking one puff, one huff, one whiff or

one sniff. Our common sense friend enjoys a good smoke too much ever to

settle on any brand in such a snap-judgment way! For him and for millions

like him, there's only one convincing way to test cigarette mildness.

It's the Sensible Test... the 30-Day Camel Mildness Test,

which simply asks you to try Camels as your steady smoke

—on a pack after pack, day after day basis. No snap judgments

needed! After you've enjoyed Camels—and only Camels—

for 30 days in your "T-Zone" (T for Throat, T for Taste),

we believe you will know why...

**More People Smoke Camels than any other cigarette!**

## ON THE BALL

(Continued from page seven)

search—the players. Selecting our cagers—and a few in New York aren't taking the term figuratively—for a zone defense, we would use two giraffes under the basket. They would be the first to "get it in the neck" should the team drop a few games.

In front of these would be a hopped-up duo of kangaroos, ideal for carrying the burden of the center lane and also hopping down-court in a single leap on the fast break. With those pouches they could easily fake an opponent right out of his mind or pull a hidden ball trick.

As a chaser at the head of the zone we'd use a many-handed octopus. To spell him we could rush in a thousand-legger who—or is it whom—the audience would soon, no doubt, dub "tanglefoot."

Great as the first team would be, the second-stringers will really provide the fireworks if the opposition gets out of hand. A group of five husky gorillas should do the trick, at least they would utilize the maze of ropes and beams above most gyms.

Probably with all this display of animal talent, spectators would soon begin to behave like the throngs at the gladiatorial bouts in ancient Rome.

Personally, we like all-star teams, but we'd also turn "thumbs-down" on the whole idea of animal talent.
