Joan Wentzel, Leonides president, named Nancy Lusk, Louise Cary, and Judy Callet to the spring booth committee. Leonides will work with the Barons on this project, also.

Athletic chairman, Helen Rusinko, announced that Leonides are undefeated in volleyball and badminton and have suffered one defeat in bowling.

The blue book files in the TUB are now open from 10-11 a.m. and 2-3 p.m. daily. The council decided that these files will be open to everyone on campus and not just the independent women.

A report on the Leonides pamphlet was made. The pamphlet will be printed this semester and will be given to all freshman and transfer women in the fall.

Janet Magrini and Doris Shee reported on the planned retreat. April 28 was announced as the date. The retreat will take place in Maple cottage from 1-5 p.m. that Saturday. Attending this retreat will be the present council. Panels and group discussions will be held and refreshments will be served.

A Leonides election code was formulated and presented by Miss Wentzel. The Council adopted the plan. This code establishes a policy for the methods of nomination and campaigning and election as well as violations and time and place of voting.

chologists think, and that you really can make a left-hand turn from the right-hand lane of a four-lane highway if you just close your eyes, wrench the wheel, and push your foot way, way down. We also learned that small dogs are prone to car-sickness.

But the greatest lesson of all is the simple, blunt truth that if you value your safety and sanity, stay very, very far away from women drivers. You know, it's really true about women drivers.

with George

With all this crime investigation going on, a fella doesn't even dare steal a glance at Penn State's pretty coeds.

Please, Mr. Kefauver

And speaking of investigations, it's a wonder Ethel Meserve hasn't been called for running a numbers racket. 2,000 NU-HUE paint colors. 1,110 ASAM wallpapers. 11 makes of furniture. 1,007 fabrics. She even has a number on her store—112 E. College Ave.

Choose a color—2,000

Which reminds me, if you want 101 ideas on how to brighten up your fraternity, sorority, or room, stop in at Ethel's. For example, quite a few amateur painters have been doing a very professional job (without union cards—quiet) with the help of Martin-Senour NU-HUE paint.

This is the amazing paint that comes in over 2,000 colors. You can match exactly a color in a drape, a lampshade, a ceramic, the elbow patch on your sweater—anything under the sun. What's more, you can match the same color exactly at any time because the colors are mixed at Ethel's by prescription (by a registered Saint Bernard).

Have a match—bamboo

One amateur decorator did a Chinese room using NU-HUE paints and matchstick bamboo. This bamboo, by the way is one of the smartest decorator helps of the year. Once was, people used it only as a roll screen. Now it's being turned on end for folding doors, drapes, and screens. Cut in small sections, it serves as an elegant place mat. You'll find it a fascinating material to work with. And it comes in a large selection of decorator colors.

If you want to paint the town, use some imagination. Start with Ethel's 2,000 NU-HUE colors.
