

Wiegand To Head Physical Plant Dept.

Walter H. Wiegand, supervisor of plant extension, has been named director of the Department of Physical Plant, President Milton S. Eisenhower announced yesterday.

Wiegand will succeed George W. Ebert, who retired Feb. 1 after 23 years of service. The

Walter H. Wiegand

appointment was made at the meeting of the executive committee of the Board of Trustees Friday night, and becomes effective April 1.

He was graduated from the College in 1935 and received a bachelor of science degree in architecture. In 1941 he received a master of science degree, also in architecture. He served as an engineer with the Department of Grounds and Buildings at the College from 1936 to 1942. During that period, Atherton hall and White hall, and 13 other projects were completed under the

State To Debate With Seton Hill

College women and men debaters will meet Seton Hill in two regular non-decision debates tomorrow afternoon and night.

The men's affirmative team, consisting of Gifford Phillips and Paul Litwak, will meet the Seton Hill negative team in 4 Sparks at 4 o'clock. The negative team, including Edwin Lefkowitz and Jay Headly, will meet the Seton Hill affirmative team in 17 Sparks at the same time.

The women's teams, consisting of Yvonne Carter and Janet Horgan, affirmative, and Marian Ungar and Shirley Gallagher, negative, will meet Seton Hill in 2 Sparks at 7 o'clock.

Lois Pulver, Marlin Brenner, and Clair George will act as chairmen for the debates which are open to the public.

Topic for the debates will be the national intercollegiate question, "Resolved: That the non-Communist nations should form a new international organization."

Carnival Proceeds Given To Drive

Proceeds of the annual Purim carnival, \$395, have been donated to the United Jewish Appeal drive now in progress.

The Purim carnival, held Saturday night at Hillel foundation, is an annual festival commemorating the deliverance of the people of Israel from Persia.

Workers for the drive were assigned to team captains at a meeting at Hillel, Sunday, Jacqueline Cohen and Julius Marcus, co-chairmen, announced yesterday.

These workers will contact Jewish students on campus for funds for the drive, which will continue until Sunday. The goal this year is \$4500.

The chairmen were asked to write letters to campus organizations for donations. The money will be used chiefly for relief, reconstruction and rehabilitation in Palestine.

\$5,000,000 General State Authority program.

Before his appointment as supervisor of plant extension in 1948, Wiegand served for three years as resident engineer for Colonial Williamsburg, Inc., Williamsburg, Va. Since 1948 he has been retained as a consulting engineer at Williamsburg. During World War II, he was senior mechanical engineer for the U. S. Navy department, Bureau of Yards and Docks, Yorktown, Va. He served from 1935 to 1936 as assistant architect for the Pennsylvania WPA.

50 Students Join Summer ROTC Course

Approximately 50 students will be enrolled in the special accelerated ROTC summer course which will begin June 11 and end July 2, Col. Robert Daig, assistant professor of military science, said yesterday.

The course, which will be given for students who expect to graduate in the spring of 1952 or mid-semester, 1953, will be offered to infantry, engineering corps, and signal corps students, Daig said.

The total number of expected enrollments include ten engineers, ten signal corps students, and 30 infantry students.

Col. Lucien Bolduc, professor of military science, said students enrolled in the course will be exempt from the draft and will receive 90 cents a day from the government during the summer session.

In order to be eligible for the course, Bolduc said, students must have completed two years of basic ROTC, or be veterans with more than one year of active service.

Students wishing to enroll in the course should contact Warrant Officer Chester Hanover in 2 Carnegie hall.

Prof To Talk On Germany

Dr. Hazel M. Hatcher, professor of home economics education, will speak on "Education and Home Life in Western Germany" in 121 Sparks at 7:30 p.m. today.

Dr. Hatcher recently returned from Western Germany where she spent three months with the Public Affairs division, Education branch of the HICDG, setting up projects with students, and preparing teaching materials.

She has had previous experience in education in South America, spending one year in Chile for the Institute of Inter-American Affairs, Department of State. She represented the American Home Economics association two years ago at the UNESCO meeting in Cleveland, and last year served in the National Association for Foreign Student Advisors in Chicago.

The meeting will be sponsored by the Association for Childhood Education International. All members of the Future Teachers association and the Penn State Education association are invited to attend.

Trees Sprayed To Stop Disease

All trees on campus subject to scale and aphid pests are being sprayed with oil emulsion, W. W. Trainer, supervisor of lands, construction and maintenance, announced yesterday.

This is part of the year-round tree maintenance program which also includes pruning, spraying, fertilizing, mulching, cultivating, transplanting, and winter protection, he said.

The Physical Plant department is also moving trees which interfere with construction, Trainer added. He said crabapple and hawthorne trees are being moved from Route 322 since the highway will be widened to four lanes this summer. Plants surrounding the

DP STUDENT—The Rev. Edwerth E. Korte, pastor to Lutheran students at the College, is shown speaking with Heino Tamm, Estonian DP student who arrived in State College last week. The Lutheran Student association is sponsoring Tamm, who will enroll at the College in September to study architecture.

Estonian DP Brought To College By LSA

By MARV KRASNANSKY

Germany will fight against Russia only if it is forced to do so. This is the opinion of Heino Tamm, 18-year-old displaced person who was brought to campus last week by the Lutheran Student association.

Tamm, a native of Voru, Estonia, arrived in New York City March 22. He will enroll in architecture in the fall and hopes to become a citizen and remain in the U.S.

Auxburg Resident

A resident of Auxburg, Germany, before coming to this country, Tamm believes that it will be another five years before Germany will be rebuilt. Much progress has already been made, Tamm says, but there is still much work left to be done.

The Germans have opposed a draft to supply men for Gen. Dwight Eisenhower's European army, Tamm says. They resent the Allied occupation and want the same rights enjoyed by other nations—i.e., their conquerors.

Under Russian occupation in

1939 and 1940, Tamm had no kind words for the Communists. Asked what it was to be under Red rule, Tamm told questioners, "I wouldn't wish you to be there." Tamm described murders, vanishing acts, and the well-known trips to Siberia.

FDR Mistaken

Estonia is today a "socialist's republic," Tamm said, but he added, it is "the same as an occupied land." President Franklin D. Roosevelt made a mistake, Tamm believes, in making concessions to the Russians. He contends that FDR should have asked for the liberation of Latvia, Estonia, and other Eastern European countries.

Tamm lauded the action of the United States in Korea. Korea, he says, is part of World War III and we cannot afford to back down there.

Tamm reports unrest and opposition to the Bonn government in Germany. Auxburg is heavily populated by socialists, he says, who are opposed to the present government in the U.S. zone.

Nobody is starving in Western Germany, Tamm reports, but only the rich are living well. He reports a lack of jobs, and housing facilities, and food shortages.

Hitler Innocent

Many of the German people, he says, still do not believe Hitler was responsible for the war and the atrocities. The people believe that Hitler did not know of or approve the crimes that were committed, Tamm says. They contend, he says, that the generals, Gestapo and SS were responsible for the atrocities.

Tamm will live at the Lutheran Student home until a permanent residence can be found for him. He was met in New York city by Raymond Rice, Lutheran association president, and Henry Rappold, social chairman.

Church Group Elects Four

Four Penn State students were elected to the Pennsylvania council of the Methodist student movement at a state conference of MSM held at Indiana, Pa., last week-end. Two others were named representatives to the regional Board of Education.

John Blanchard was elected vice-president of the state council, and Albert Hummel was elected treasurer. Donald Snyder and Ned Cole were also chosen for council. Marjorie Shaffer and Lester McGonagle were named to the Board of Education.

Main speaker for the conference, which opened last Friday night with a banquet, was Dr. Arthur E. Beckett of the First Methodist church, Huntington, W.Va. The theme was "Have Done With Lesser Things," taken from the conference hymn, "Rise Up, O Men of God."

Emphases of the conference were full-time vocations in the Methodist church, summer projects, and short-term mission work. Summer projects for students were announced and discussed.

Philosophy Head Elected To Society

Dr. John A. Mourant, head of the Department of Philosophy, has been elected to membership of the Southern Society for Philosophy of Religion and asked to present a paper at the next annual meeting.

Dr. Mourant attended a meeting of the society in Charlottesville, Va., March 8-11.

library are being salvaged since an addition will be built, he said.

Plants near Carnegie hall which were removed last year are being replaced, he said. In several weeks plant material and nursery stock will arrive for the new dorm area. After they are planted grass will be planted, Trainer said.

95 Make Ag School Dean's List

Ninety-five students in the school of Agriculture attained an average of 2.5 or better last semester and were placed on Dean Lyman Jackson's honor list.

Fifty-four of those on the list are veterans. The senior class placed 57 on the list; the junior class, 25; the sophomore class, 7; and the freshman class, 6.

Students who averaged 3 for the semester are Kenneth Horton, Herman May, Edgar Raffensperger, Elwood Richter, Anthony Stemberger, Charles Stine, and Paul Waitkus, seniors; and Evelyn Black and Harold Hawk, juniors.

Seniors placed on the list are Georgette Babos, 2.85; John Barton, 2.64; Joseph Bedell, 2.78; Edward Bellis, 2.66; Elmer Birth, 2.84; Carl Campbell, 2.95; Robert Cash, 2.52; Sarah Chinn, 2.63; Donald Clapper, 2.80; Elmer Cook, 2.50; Thomas Dickson, 2.83; Jay Dixon, 2.66; Lawrence Drabick, 2.60; Carlton Durling, 2.50; Donald Egolf, 2.83; Millard Groben, 2.61; John Hall, 2.66; Robert Hamill, 2.52; James Haughwout, Jr., 2.84; Rolland Herring, 2.61; Carroll Howes, 2.55.

Herbert Kean, 2.50; Roy Kinding, 2.60; William King, 2.50; Alan Kivert, 2.50; William Loy, 2.55; Kenneth Maxwell, 2.52; Lewis Mayhe, 2.62; Edward Merck, 2.78; John Mest, 2.50; John Mostowski, 2.72; Richard Mummert, 2.80; Meredith Orr, 2.80; George Phillips, 2.70; Walter Pudelkiewicz, 2.56; Robert Reese, 2.88; George Replogle, 2.53; Kenneth Rolston, 2.80; Gordon Rowland, 2.76; James Simes, 2.83; Ward Stover, 2.52; J. Paul Strock, 2.82; Jerome Uram, 2.52; Dale VanDenburg, 2.50; John Walker, 2.68; Walter Weberg, Jr., 2.83; Allan Weise, 2.52; Gerald Wunz, 2.88; Dwight Younkin, 2.66; James Zeigler, 2.85; and John Zerbe, 2.83.

Juniors on the list are William Anderson, 2.56; John Crandall, 2.50; Fred Dillner, 2.55; Henry Gerhold, 2.52; Richard Hartley, 2.76; William Johnson, 2.56; David Kradel, 2.77; Joseph Macialek, 2.68; Andrew Mills, 2.63; Milo Moore, 2.55; James Nelson, 2.68; Winslow Nicholas, 2.60; Everett Nicklow, 2.63.

Elwin Orton, Jr., 2.55; Janet Rusiackas, 2.60; Edward Smucker, 2.65; John Spacht, 2.57; George Strickler, 2.66; George Welkie, 2.58; Russell Weller, 2.50; Richard White, 2.57; Ralph Yergey, 2.84; and Charlotte Zislin, 2.63.

Sophomores attaining the average were George Alleman, Jr., 2.83; Kurvin Batdorf, 2.57; Robert Bealer, 2.68; Clayton Best, 2.68; Earl Grissinger, 2.82; Carl Herald, 2.55; and Robert Leightner, 2.69.

The six freshmen on the list are Ned Clark, 2.79; Wilson Cramer, 2.55; Wayne Otto, 2.51; Clark Sell, 2.68; Richard Updegraff, 2.92; and Edward Wickersham, 2.66.

Hygiene Head Confers

Dr. Kurt Wagner, director of the hygiene institute of a veterinary school in Hannover, Germany, conferred recently with scientists of the agricultural experiment station. Dr. Wagner's interest centered around animal diseases.
