Campus Interviews on Cigarette Tests

Number 17...
THE OWL

"So I'm a wise guy
—so what?"

"Speotyto cunicularia" — *Speo*, for short, majors in the classics. But in this case, he's dropped his Latin leanings and slings American slang with the best of them. He comes right out "cum loudly" whenever he voices his opinion on these quick-trick, one-puff cigarette tests. They're a snub to his high I.Q. He knows from smoking experience there's just one intelligent way to judge the mildness of a cigarette.

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why . . .

More People Smoke Camels than any other cigarette!
