## Fine Calls Tax Plan 'Makeshift'

-Gov. John S. Fine applied a administration tax program sug-

shown in his projected \$1,200,000,-000 budget for the next two years, the governor said:

"The simple fact may be repeated—we have been obligated to pay \$112,000,000 for which no revenue has been provided. This money and the balance of the \$163,000,000 needed for the next biennium can only come from taxes."

But Tobey has not made any public demand for impeachment. He said today he entertains "friendly" feelings for the President and is sorry that the inci-

half of one per cent income tax to raise \$119,000,0000 in the next two years has had rough going in the House. The once-defeated measure was revived yesterday but the House GOP leadership lacked the necessary 105 votes to put it over decisively.

Fine's special statement attacked a four-part tax -rogram set up by an accounting firm at the direction of Sen. John M tion with RFC loans. the direction of Sen. John M. Walker, Republican floor leader.
