

Dietetics Association To Meet Tomorrow

The 18th annual meeting of the Pennsylvania Dietetics association will be held tomorrow and Friday at the Nittany Lion inn. Students interested in work with foods may attend the meetings. About 150 members of the association are expected to attend. Ester Atkinson, associate professor of hotel and institution administration, is president of the organization.

Guest speakers will include Lt. Col. Baldwin Smith, eastern area director for the Civil Defense commission of Pennsylvania; Loyal Odner of the Retail Grocers association; and Loring Roach, formerly of the College engineering experiment station.

Panel Discussion

Senior students in institutional administration will participate in a panel discussion on "Training the Non-professional Employee" at 2:30 Friday afternoon. This panel includes Barbara Sprenkle, Ida May Brandt, Jane Auch, and Jo Ann Engman.

A tea for the members of the association will be held in the living center of the School of Home Economics at 4 p.m. tomorrow.

Civil defense will be discussed at a meeting 8:30 Friday morning at the Nittany Lion inn. Smith will speak on "Surviving an Atomic Attack." A lecture on germ and chemical warfare will be given by Odner.

Guest Speaker

A. O. Morse, College provost, will be guest speaker at a banquet tomorrow evening in the State College hotel.

Faculty and staff members participating in the program are Dr. Mary Dodds, professor of foods and nutrition; Dr. Ruth Pike, associate professor of foods and nutrition; Dr. N. B. Guerant, professor of biological chemistry; Marjorie Horton, instructor in hotel and institution administration; Dr. William Smith, professor of family relationships; and Mildred Baker and Jane Rees, College Foods service.

Deferment Quota System Unchanged

Col. Lucien E. Bolduc, professor of military science and tactics at the College, has announced that there has been no further information received from the Department of the Army sources concerning any future or anticipated changes in the deferment quota system for Army ROTC students.

However, Bolduc recommended strongly that all students, who plan to continue in school after this semester, should apply for and take the Selective Service College Qualification tests to be given May 16, 30, and June 15.

Applications to take the qualifications test may be secured from any draft board. These applications should be filled out and mailed as soon as possible.

Council Elects Rehburg Head

Millard Rehburg, a junior in petroleum and natural gas engineering, was elected president of the Mineral Industries Student council at its meeting last night. He defeated John Ruffner.

Other officers elected at the meeting were Peter Fairchok, a junior in mining engineering, vice-president, and Russell Peterman, a sophomore in mining engineering, secretary-treasurer. Fairchok was unopposed, while Peterman won over Paul Kilhefner.

Rehburg has served as secretary-treasurer of the council for the past year. David Ludwig is the current president and William Bonner is vice-president.

Samuel Saunders, chairman of the Newsletter committee, reported that there will be one more Newsletter published this year and the committee is making plans for an issue to come out early next fall for new students.

The chairman of the evaluation committee, Paul Kilhefner, reported that new questions are being added to evaluation questionnaires which will be ready about a week before classes end this year.

May 1 and 2 were announced as the days for the election of new council members at which time 2 juniors, 2 sophomores, and 2 freshmen will be elected. Nominees should sign the petitions in the Mineral Industries building by Friday.

Campus Interviews on Cigarette Tests

Number 18...THE RACCOON

"They can't trick an old grad like me!"

Shades of the roarin' 'Twenties! All duded up in

his ancient benny — but he has modern ideas on testing cigarette mildness! He's tried every "quickie" cigarette test in the book — and they're not fooling him one bit! He knows for dang-sure that cigarette mildness can't be determined by a cursory sniff or a single, quickly-dispatched puff. He doesn't have to go back to school to know that there is one real test — a test that dispels doubt, fixes fact.

It's the sensible test... the 30-Day Camel Mildness Test, which asks you to try Camels as your steady smoke—on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why...

More People Smoke Camels than any other cigarette!
