customs program before arrival on campus.

3. In general the customs program should be shorter and more active.

Points Clarified

The report clarified several points in this year's customs program. Under the new regulations:

1. All male students must wear black bow ties properly in place. This compels wearing the tie at the neck.

2. The namecard must be 5" by 8" and must include name, home town, and curriculum.

3. Freshmen must attend all home football games, sit in a separate section, and remain in the stands until dismissed by hatmen.

4. All freshmen must bow and doff their hats at the Old Willow and use the east side of the Mall exclusively.

5. They must know all school songs and cheers.

6. Any student in the freshman class in a four-year curriculum must abide by customs.

The latter change, although eliminating the provision exempting students over 21 from customs, does not restrict Tribunal's power to waive customs in special cases. Last year Tribunal experienced difficulty in determining exactly which students came under the 21 age regulation.

Dates To Be Set

Tribunal and Freshman Custom and Regulation board will continue to set the date for the start and ending of the customs program for men and women respectively. However, Barbara Sprengle, president of WSGA, suggested that after next year the responsibility be correlated so that customs will be in effect for men and women during the same period.

The report was adopted with Dean Gladfelter, chairman of the Board of Publications, dissenting.

Cabinet also voted approval to a \$300 appropriation to the freshman class for a closed dance, and passed for the second time an amendment to Article 8, section 1 of the all-College constitution providing that business managers be added to the board of publications. Approval at three consecutive meetings is required for adoption.

Brenner Motion

A motion introduced by Marlin Brenner to present the president's gavel to All-College President Robert Davis was approved. Brenner said he hoped this action would become an annual custom.

Harry Kondourajian, All-College vice-president, who presided for Davis, who is attending a student union convention at Michigan State college, appointed William Slep, Julian Senko, Robb Keener, and Allan Wampler as additional members of the Campus Chest committee for next year.
