

Frosh Coeds To Be Rushed

Second semester freshman women with 1.5 averages or above and upperclass women with at least a one average will be rushed by sororities next year according to Marilyn Levitt, Panhellenic Council president.

A modified plan for rushing, adopted at a workshop Saturday, will shorten the rushing period next year. There will be both fall and spring rushing.

In the next few weeks the council will send questionnaires to women to determine whether or not they are interested in sororities and the reasons why.

Recommendations

Several recommendations were made which will be voted upon at the council meeting at 7 tonight in 208 Willard.

The recommendations are:
1. Rushes will be informed of the costs and functions of different sororities. The entire rushing system will be explained to the rushes.

2. Specific penalties will be listed for violations of the rushing code. Both the rushes and sorority members will be told of the code.

More definite rules, for informal rushing, a standardized bid form, and a shorter silent period will also be voted on tonight.

Discussion Groups

The workshop was divided between general and group discussions. Patricia Acosta was chairman of the workshop.

Heads of the discussion groups were Byrne Tetley, Panhel post office; Zita Kabeschat, finance; Aviva Sare, informal rushing; Addell Owen, education of rushes; Isabella Cooper, membership problems; Sarah Johnson, rules of rushing; and Betty Champlin, delegates.
