Campus Interviews on Cigarette Tests

Number 21... THE PELICAN

OUR easy-going, big-billed friend has learned to say "No"

to these hurry-up, one-puff, one-sniff cigarette tests! "Why", says he,

"they don't even give you time to finish the cigarette before you're supposed to decide which is mildest!" Millions of smokers have come to the same conclusion —there's just one real way to test the flavor and mildness of a cigarette!

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke—on a pack-after-pack, day-after-day basis. No snap judgments needed! After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone"

(T for Throat, T for Taste), we believe you'll know why...

More People Smoke Camels than any other cigarette!
