

Regulations Govern College Students

College regulations, as listed in the Student Handbook, govern the actions of students on campus. Women's regulations are determined by the Women's Student Government Association.

The College reserves the right to sever relations at any time with students whose influence is injurious to the standard of morals and scholarship of the student body, or whose actions are prejudicial to the good name of the College.

Dishonesty Punished

Acts of dishonesty receive punishment by the College and are reported to the dean of the school in which the student is enrolled. Wanton destruction or injury of College property is not excusable, under the regulations.

College dances may be given with approval by the offices of the Dean of Men and Dean of Women, and evening dances may be held only on Friday and Saturday nights or on nights before holidays.

The All-College Cabinet committee on student welfare must give special permission for all dances which extend beyond midnight. All dances must have two chaperones approved by the Dean of Men and the Dean of Women.

Parties held on Sunday through Thursday evenings must be regularly registered and must end by 8 p.m.

Presidents Responsible

The presidents of organizations holding dances and house parties are responsible for the good conduct of those attending the affair and negligent organizations are subject to punishment.

The College forbids the use of alcoholic beverages at any social functions where minors or women are present. Violations of this regulation are reported to the committee on student welfare as sufficient cause for suspending the charter of any organization.

Variations in the regulations will be in effect for freshmen during the customs period, but will not effect upperclassmen.

Appliances Prohibited

The installation of gas or electrical heating devices in College dormitories is prohibited. Gambling, possession of firearms without a permit, and the possession of intoxicating beverages are also illegal.

Students are held responsible for attending all classes and com-

pleting all work required for their courses. Valid excuses from class are listed in the booklet, Regulations for Undergraduate Students.

Driving on the central campus roads is prohibited between the hours of 8 a.m. and 5 p.m. during the week and from 8 a.m. to noon Saturday. Physically handicapped students certified by the College Health Service may be granted special permits to drive on campus.

Chapel Choir Auditions Set

The Chapel Choir will hold preliminary auditions for freshmen today, tomorrow, and Wednesday. Appointments may be made in 216 Carnegie Hall.

The 110 voice Chapel Choir furnishes the special music for all of the Sunday chapel services during the school year and special musical services at Christmas and Easter. Each spring it presents an oratorio.

Choir is a one credit subject. Regular rehearsals are held from 7 to 9 Thursday evenings. Spring concert rehearsals are held Sunday afternoons.

Upperclassmen interested in preliminary tryouts should report to 100 Carnegie at one of the following hours:

Tenors—Thursday, 7 p.m.; Friday, 11 a.m.; and next Monday, 8 p.m. Basses—Thursday, 8 p.m.; Friday, 3 p.m.; next Monday, 7 p.m. Sopranos—Friday 9 a.m. and 2 p.m.; Tuesday, September 18, 7 p.m.; Altos—Friday, 10 a.m. and 1 p.m.; Tuesday, September 18, 8 p.m.

Two patents on a device to detect schools of fish and underwater obstacles have been granted to Dr. Leon W. Camp, of the College.

Radio Stations Call for 'Hams'

All amateur radio operators holding licenses who wish to affiliate with the college radio station staff as assistant operators of the station W3YA and the MARS station A3YA should send a letter of application at once to Gilbert L. Crossley, assistant professor of electrical engineering, Department of Electrical Engineering.

The application should contain experience, station call letters of applicant's own station, the grade of amateur license held, and any other pertinent facts.

Any student, faculty member, or employee of the College who holds an amateur operator's license is eligible.

The Ordnance Research Laboratory was opened at the College in 1945. Dr. Eric Walker is director of the laboratory.

Ex-schoolboy Coach

Penn State's Rip Engle began his coaching career as football mentor at Waynesboro, Pa., High School.

Joe Bedenk, Penn State baseball coach, thinks major league club may eventually add "teachers" to assist managers in daily instruction. Fundamentals, he pointed out, are too often neglected in the minor leagues.

Homecoming Regular

Michigan State will be Penn State's Homecoming opponent at State College, Pa., in 1951 for the third time in six years.

Squirrels will not live in old hollow trees with numerous openings, according to Penn State wildlife expert Dr. Ward M. Sharp. Dr. Sharp says there is too much draft through the trees and the squirrels freeze out.

A Greeting to all our old friends and a hearty welcome to New Penn Staters.

THE CORNER
Unusual

DO YOU INHALE?

Then you certainly should be smoking **PHILIP MORRIS!**

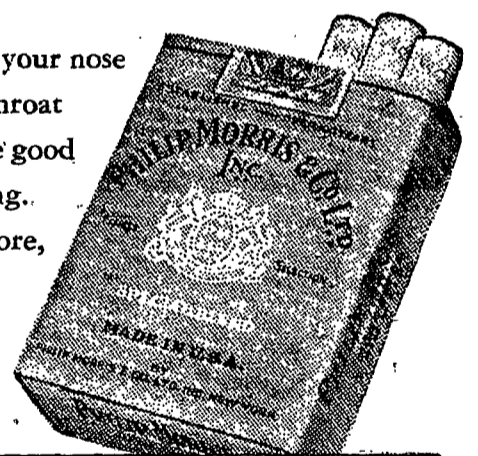

THIS TEST TELLS YOU WHY:

- 1 Take a PHILIP MORRIS and *any other* cigarette. Light up either one first. Take a puff—get a good mouthful of smoke—and s-l-o-w-l-y let the smoke come *directly* through your nose.
- 2 Now, do exactly the same thing with the other cigarette. Notice that with PHILIP MORRIS you don't get the bite, sting and irritation that you do with your own brand.

PROVE TO YOURSELF PHILIP MORRIS IS DEFINITELY LESS IRRITATING, DEFINITELY MILDER!

REMEMBER: The irritation you feel in your nose is the same irritation that occurs in your throat every time you inhale! Don't let irritation spoil the good taste, the fine flavor, the rich pleasure of smoking.

For a better smoke than you've ever known before, try PHILIP MORRIS—the one cigarette proved definitely less irritating, definitely milder than any other leading brand.

NO CIGARETTE HANGOVER
means
MORE SMOKING PLEASURE!
