

UN Presents Form For Truce Talks

TOKYO, Friday, Sept. 21—(AP)—The United Nations Command today rushed into final form the conditions under which the Allies will consider resumption of the suspended Korean truce talks at Kaesong.

The conditions were not announced, but probably would call for joint Allied-Communist ground patrols of the five-mile neutral zone around Kaesong and constant UN air patrol by daylight over the area.

Reds Pitch New Troops Against UN

U.S. EIGHTH ARMY HEADQUARTERS, Korea, Friday, Sept. 21—(AP)—The North Korean Reds, badly battered in the prolonged and savage battle of the eastern hills, threw fresh units against weary United Nations Infantry Thursday.

These reinforcements, some of which were probably responsible for Communist recapture of "Heartbreak Ridge" after three heavy counter-charges were down the Allied defenders.

At least one fresh North Korean regiment (possibly 3000 men) moved into position to relieve Red formations that had been chewed up by the unrelenting Allied infantry, artillery, and air assaults.

Countering the enemy manpower with ultra-modern technique, the Allies made combat history Thursday by depositing a full company of U.S. Marines on one eastern peak via helicopter.

In the continuing air war, three Russian-made MIG-15 jets were damaged in a series of tangles over northwest Korea.

Grad Club to Form

All graduate students interested in joining a campus Graduate Club are asked to meet in the second floor lounge of Old Main at 7 tonight.

The purpose of the initial meeting is to draw up plans for a chartered campus organization.

Newly enrolled and continuing graduate students will be eligible for membership.

State Tax Program Hits Snag in Senate

HARRISBURG, Sept. 20—The \$138,250,000 compromise tax program hit an unexpected snag in the Senate today, throwing a Sept. 28 adjournment timetable out of the window.

The Senate Finance Committee thumbed through the group of House passed bills for three hours without reaching a decision. It then called for another meeting Sunday afternoon.

"The committee does not have enough information available so that anyone can form an opinion," said chairman T. Newell Wood (R-Luzerne).

Assembly Recessed

Sen. John M. Walker, Republican floor leader, discarded plans for meetings tomorrow and Saturday as a result of the new tax impasse. The Assembly recessed until Monday.

One of the principal stumbling points of the House-passed tax program was a bill to remove an exemption from payment of the five percent corporate net income of dividends received from corporations not subject to that tax.

Corporations Will Be Hit

Sen. G. Graybill Diehm (R-Lancaster) said corporations lawyers told him the measure was

Charge About Lewis Termed Ridiculous

EBENSBURG, Pa., Sept. 20—(AP)—A Coal industry official's charge that United Mine Workers President John L. Lewis wants to drive the central Pennsylvania strip mining business into northern West Virginia was called ridiculous today by a district UMW leader.

President James Mark of District Two refuted a statement G. Albert Stewart, executive secretary of the central Pennsylvania open-pit mining association, made in reference to a recent UMW organization drive.

State Draft Quota Needs 1960 Men

HARRISBURG, Sept. 19—(AP)—State Selective Service headquarters today called for the induction of 2311 men during October to fill the State's quota of 1960 men.

Draft officials explained that more men were called than are needed because they expect some of them to fall below induction standards for various reasons or because they have become ineligible for induction since taking their pre-induction physical examinations.

The call, with induction station, board number, and number of men called (board number in parentheses):

U. S. to Continue To Seek Peace

WASHINGTON, Sept. 20—(AP)—President Truman said today the United States will continue to seek agreements with Russia, but will rearm to see they are kept.

He solemnly told a news conference that there is a stronger possibility now than ever before for preserving the peace if we stick to our knitting and go ahead building defensively.

Regarding chances for new Korean truce talks, he said the opposition asked for the latest conference and the U.S. is ready to put forth every effort to end

North Atlantic Council Approves Greece-Turkey

OTTAWA, Sept. 20—(AP)—The North Atlantic Treaty council today approved a membership bid to Greece and Turkey and a program designed to weld the treaty area into a close-knit political and economic community.

By these two measures, the 12-nation body thus extended its territory to the strategic eastern Mediterranean area and at the same time extended its objectives into a whole new field of non-military matters.

Winding up its business in Ottawa, the council also:

1. Cancelled plans to hold its next meeting in Rome Oct. 29 because of Britain's national elections Oct. 25. Arrangements were made to hold the meeting in November.

2. Decided to invite General Eisenhower to the next meeting to take part in the discussion of military matters, including the role West Germany is to play in western defense plans.

3. Called for speed in activating a newly created committee which will make a realistic survey of military requirements and capabilities of member nations and recommend by Dec. 1 possible steps to fill the gap. Headquarters for the high-level group will be in Paris.

4. Gave a clear endorsement to Premier Alcide De Gasperi's demands for revision of the Italian peace treaty. This was done for adoption of a declaration providing that all obstacles which hinder cooperation on an equal basis should be removed.

Banking Group Approves Changes In Price Control

WASHINGTON, Sept. 20—(AP)—The Senate Banking Committee today approved changes in a section of price control legislation which President Truman has denounced as "the terrible Capehart amendment."

The vote, closely keyed to party lines, was 9 to 4 to change the system requiring that price ceilings reflect sellers' increased costs since Korea.

Senator Capehart (R-Ind.), co-sponsor of the amendment, promptly attacked the new version and stalked out of a news conference when Senator Moody (D-Mich.), a Truman supporter on controls, sought to defend it.

A short time later, Capehart challenged President Truman to a television debate on the merits of his original amendment.

the conflict without killing any more people.

Once more he smiled away questions about his own 1952 intentions, but said he expects to have a hand in writing the platform.

A & P HEAD DIES

NEW YORK, Sept. 20—(AP)—John A. Hartford, 79, chairman of the board of the Great Atlantic and Pacific Tea Co., died of a heart attack late today.

Senate Tax May Raise 5.5 Billions

WASHINGTON, Sept. 20—(AP)—The Senate began work on general tax increases today, with an insistent message from President Truman that its sights are about \$4,000,000,000 too low.

Truman renewed his request for tax increases of \$10,000,000,000 in a letter to Vice-President Barkley.

He urged higher individual and corporation income taxes than now contemplated and said there are loopholes in the law that should be tightened.

The letter was read to the Senate before debate opened on a bill expected to produce about \$5,506,000,000 more income annually. The House voted a \$7,200,000,000 raise.

Truman specified that the present bill would: (A) "Enlarge the special classes or taxpayers benefiting from the overly generous capital gains tax provision"; (B) "Further widen the tax loopholes benefiting various mining enterprises"; and (C) "Give certain corporations unwarranted relief from excess profits taxes."

MacArthur Plans Visit to Allentown

ALLENTOWN, Pa., Sept. 20—(AP)—Gen. Douglas MacArthur pays his first visit to Pennsylvania since returning from Japan tomorrow as a guest of an old-fashioned county fair.

Officials of the Allentown fair proclaimed the day "Father and Son Day" in honor of the General and his son, Arthur. A fair spokesman predicted a quarter million residents of this eastern Pennsylvania area will be on hand for the occasion.

MacArthur and his party will motor the three-hour trip from New York city to Allentown, arriving here about noon.

Gov. John S. Fine will meet the caravan at Easton.

The General will deliver several brief talks, all non-political, a fair official said.

Homecoming Foe

Michigan State once again will be the football attraction at Penn State for Homecoming, October 20.

Ridgway Will Give Reply

A source close to Gen. Matthew B. Ridgway indicated that the Supreme Allied commander probably would give his conditional reply within 24 to 48 hours. A Communist broadcast indicated eagerness to resume the negotiations, but under the same conditions as existed before the 29-day old rupture.

Instructions Awaited

It was generally believed Ridgway would await final instructions from Washington before answering the latest message to Kim Il Sung, Premier of North Korea, and Gen. Peng Teh-Huai, commander of Chinese Communist forces in Korea.

It was assumed that Vice Adm. C. Turner Joy, chief UN negotiator, would carry back to the UN base camp at Munsan the Allied formula for renewal of the Kaesong meetings.

A source Wednesday night noted that Joy, in Tokyo, "hasn't even started to pack yet"—an indication that some time may yet elapse before the green light is given by the Allies.

Tories 4-6 Favorites To Win Over Labor

LONDON, Sept. 20—(AP)—British bettors established the Conservative party today as a four-to-six favorite to topple Prime Minister Attlee's Laborite regime in the general election Oct. 25.

That means persons who figure Winston Churchill and his Tory followers will take over the government put up money at the ratio of \$16.80 against \$11.20 by those who back the Laborites. Betting is legal in Britain.

Attlee told newsmen British voters will be asked to decide whether to "go backward with the Conservatives or forward with Labor."

drawn in such a way that it could cost their organizations as much as \$80,000,000 in the next two years.

The House committee that drafted the bill estimated that it would produce only \$1,500,000 of the package. Rep. Charles C. Smith, Republican floor leader, said it was aimed primarily to knock out a Dauphin county court decision which permitted tax exemptions for subsidiaries of the Pennsylvania Railroad.
