

Finnish DP Gymnast Performs for Frosh

One of the gymnastic performers at the Orientation Week Fun Night program was Jean Cronsted, Finnish student recipient of this year's Inter-fraternity Council scholarship.

Recommended by Eugene Wettstone, gymnastic coach, for the annual IFC scholarship, Cronsted will work on the parallel bars and high bars in gymnastic meets. Cronsted said he wasn't in shape for the Fun Night exhibition.

He remarked that the beauty of a stunt is emphasized in Finland, while the difficulty of it is stressed in the United States.

Beta Pledge

He is staying at the Beta Theta Pi fraternity house where he is a pledge. Fraternity life is new to him since Finnish colleges have no such organizations.

Studying foreign service, he would like to enter diplomatic work when he finishes school.

Two years ago, Cronsted received an American Field Service scholarship to Mercersburg Academy. A member of the gymnastic squad there, he won various meets. After graduating from the academy he attended school in Finland last year.

Studied 12 Subjects

At Mercersburg he carried four subjects, while at high school in Helsingfors he studied 12 subjects including Swedish, Finnish, English, German, trigonometry, history, physics, and psychology.

Out of Finland's 4,000 population, 500,000 fought the Russians during World War II. Cronsted was evacuated to Sweden along with 60,000 Finnish children during this period.

He said that his country has no Communists in the government even though it borders Russia. He also said that Finland has no loyalty oaths.

Resolution--

(Continued from page two)

able to all residents of the Commonwealth.

It would vitiate free discussion. We press the belief that we have both the right and the responsibility to intelligent concern over the academic freedom of those who serve as our teachers. Academic freedom is an essential prerequisite to the efficient functioning of our democratic system of education. Under the bill, every teacher would live in fear of reprisal and intimidation if he or she said anything which was objected to even by small groups of citizens.

It would compel the heads of our great universities to institute an American version of the secret police. One provision in the bill would place upon the presidents of institutions of higher learning the duty personally of certifying to the loyalty of members of the faculty. We have complete faith and confidence in our president at Penn State. But we do not think he should be compelled to maintain a spy system, require loyalty oaths, and take other measures which would enable him to make the certification envisaged in the bill now before the legislature.

We hate communism and statism, and are prepared to fight against communist aggression if we must. It is for this very reason that we are opposed to this bill; for it would play directly into the hands of the communists who would gleefully applaud this means of undermining one of the mainstays of our democratic system—freedom of conscience, freedom of inquiry, and freedom of expression.

6. We fully realize that, superficially, it would appear that anyone should be willing to sign an oath which states that the signer is not knowingly a member of a subversive organization. We plead with the legislature that it think deeper than this.

7. There can be no objection to a requirement that all public officials take an oath to uphold and defend the Constitution of the United States. We students would welcome an opportunity to do this, and so would, we are sure, all individuals connected with the school system of Pennsylvania—from kindergarten to university.

Mexico Offers U. S. Students 19 Fellowships

Nineteen fellowships for study in Mexico during the academic year beginning February 1952 are now open to U.S. graduate and undergraduate students. Applications for these grants should be made immediately to the Institute of International Education, 2 W. 45th street, New York.

The grants, which cover tuition plus a monthly living allowance, are offered by the Mexican government through the Mexican-United States Commission on Cultural Cooperation.

The fields in which awards are available are: Undergraduate—physical anthropology, archeology, ethnology, Mexican history, architecture, philosophy and letters.

Graduate—physical anthropology, archeology, ethnology, Mexican history, museography, painting, biological sciences, pediatrics, tropical medicine, and cardiology.

\$30,000 Fund Is Established

A \$30,000 scholarship fund has been established at the College by the class of 1921, President Milton S. Eisenhower announced recently.

Scholarship will amount to \$200 each and will be available to undergraduate students. Scholarship, activities, Christian ethics and character, Americanism, and financial need will be considered in awarding the scholarships.

Known as the Class of 1921 Memorial Scholarships, the awards will be made by the Senate committee on scholarships and awards each year and will be supported by the interest earned by the principal during the preceding year.

The scholarship fund was started by members of the '21 class who subscribed to 20-year-endowment insurance policies at the time of their graduation for the purpose of creating a fund for a class memorial. The present amount of \$30,350 includes the interest on the money since 1941.

Rally--

(Continued from page one)

Student Service fund, and Salvation Army.

Cash donations and pledges will be solicited. Pledges will be paid during payment of fees in October. The amount of the pledge is added to the student's fees.

Members of the Campus Chest Committee include William Klisanin, chairman; Milton Bernstein, Marc Kimmelman, Murray Goldman, John Allison, Donald Beal, Jane Ifft, Robb Keener, David Lewis, Allan Shredenshek, William Slep, Frank Lewis, Jay Senko, Allan Wampler, Elsa Pasline, Patsy Jones, John Laubach, Walter Sachs, and Joseph Haines.

Committees--

(Continued from page one)

has held two meetings so far in which it has granted 42 immunities to freshmen and sentenced five violators of customs. He recommended that Ray Evert be appointed secretary and Murray Goldman treasurer of Tribunal. Cabinet approved the recommendation.

Worth reported on the Student Government President's Conference, which he attended during the summer. He stated that Penn State had been named to the five-school National Executive Council of the conference.

Jurchak reported that the College Board of Trustees had approved the cabinet recommendation for the student inter-class assessment fee to be lowered from 75 to 50 cents.

Loyalty Bill--

(Continued from page one)

gress of their efforts to deal with subversives.

No votes were cast against the resolution, but six members abstained.

Those abstaining were Michael Hanek, junior class president; Bryson Craine, Chemistry and Physics Student Council president; Vivian Peterson, alternate representative of Leonides; Betty Anders, Home Economics Student Council president; Charles Falzone, Engineering Student Council president; and David Olmsted, senior class president.

Clair George, chairman of the board of Dramatics and Forensics, introduced the motion upon the recommendation of National Student Association Chairman William Klisanin, who does not hold a seat on cabinet.

After approving the resolution, cabinet voted 19-0, with Anders, Craine, Peterson, and Olmsted abstaining, to send 400 copies of the text to the legislature in Harrisburg.

Pointing out to the legislature that the bill would not serve its purpose, the resolution contended that cabinet did not feel that the president of any state-supported college or university should be forced "to maintain a spy system, require loyalty oaths, and take other measures" which would enable him to fulfill the requirements of the bill.

The resolution held no objection to an oath upholding and defending the Constitution of the United States by all public officials but claimed that under the bill "every teacher would live in fear of reprisal and intimidation if he or she said anything which was objected to even by small groups of citizens."

Stickmen--

(Continued from page seven)

Herring and Walker, along with Reed, started last season and scored some timely goals while Rostmeyer started to come fast at the end of the campaign.

At midfield, where the Lions were hardest hit, Bud Wolfram, Tony Eagle, John Yohman, Wayne Hockersmith, Bob Pawloski, and John Espenshade will be back. Espenshade was sidelined for the season last year when he injured himself in the opening contest against Western Maryland.

Defensively, the Lions will field a well-seasoned trio in Barr Asplundh, John Henry, and John Amber; three seniors.

C. O. Williams--

(Continued from page one)

ceived his master of arts degree at Teachers College, Columbia University, and his doctor of education degree at the school of education at New York University.

Dean Williams has had several of his works published, among them 'Education in a Democracy,' with Alonzo F. Myers, 1937; and 'Elementary Statistics for Students of Education and Psychology,' with Dr. E. B. van Ormer, 1941.

Counselor's Reports

Men who were Orientation Week counselors must turn in a written report including comments and criticisms to the Dean of Men's office no later than Friday, Sept. 28. Carl Peterson, committee chairman, announced yesterday.

Any counselor who does not do so will not receive reimbursement for room and board fee for that week, Peterson said.

Union Officials To Hear Prexy

President Milton S. Eisenhower will speak before a seminar on human relations for 25 top officials of the United Steelworkers of America, CIO, here Oct. 7-10.

The seminar, which is sponsored jointly by the United Steelworkers and the Pennsylvania State College, will also be addressed by Madame Pandit Nehru, India's ambassador to the U.S.; J. A. Stephens, director of industrial relations for the United States Steel Co.; Dr. Charles S. Johnson, president of Fisk University; representatives of the Protestant, Catholic, and Jewish faiths; and faculty members from Yale University and the Universities of Chicago, Michigan, and Wisconsin.

The purpose of the seminar is to establish a broader concept of human relations among workers, between workers and union officials, and between workers and management, according to Philip Murray, CIO president, who will be in attendance.

Reimer--

(Continued from page four)

sent laws take care of getting rid of communists and the job should be left up to the FBI—not to self-styled undercover agents."

3. "The bill in general creates a climate of opinion unhealthy for a democracy." It would create a wave of fear and strangle free speech.

4. "Loyalty oath will hinder rather than help the fight against Communism." It forces a loyal man to get out of an organization such as a labor union which might be suspected of communist control. He cannot remain in the group to combat Red influence without the chance of losing his job.

Threat to Freedom "Loyalty oath doctrines are a threat to academic freedom, and even if it were not directed to college professors he couldn't sit by and see public school teachers subjected to dismissal for 'reasonable doubt'."

Prof. Reimer's alternative to the loyalty bill is a program of education designed so that citizens can find out what true democratic government means. He would form a non-government committee from the "best minds in the country"—men from the fields of law, education, and religion. This committee would formulate a program for discussion throughout the state on such topics as "What is the meaning of free speech?" This idea would be extended to include essay contests, debates, etc.

The people that are pushing the bill, he said, are those that have little faith in democracy. "What they need, if not a good psychiatrist, is a true understanding of democratic government."

'Basic Judaism' To Be Subject Of Rabbi Kahn

Rabbi Benjamin M. Kahn will give an introductory lecture to a series on "Basic Judaism" at 8 tonight at the Sabbath Eve services in the synagogue of Hillel Foundation, 133 W. Beaver avenue.

Members of Zeta Beta Tau fraternity will assist Rabbi Kahn in officiating and will act as hosts at an Oneg Shabbat (Sabbath reception) which will follow the services.

Topics in this series on "Basic Judaism" will include such fundamentals of Judaism as "The Idea of God," "The Place of Man in Society," "The Doctrine of the Messiah," "The Concept of Immortality," "Nationalism and Universalism," and other subjects. These lectures will all be open to the public.

At 2 p.m. Sunday the first rehearsal of the Hillel choir will be held at the foundation. Under the direction of Ralph Cash, this group is rehearsing in preparation for participation in the high holiday services.

Promotions--

(Continued from page two)

International Scientific Radio Union elected him national secretary.

Dr. English, a native of Farmington, Wash., has served on the faculty since 1938. In 1939 he was promoted from assistant professor to associate professor of wildlife management and in 1945 was named professor of wildlife management.

Before coming to Penn State, Dr. English served on the faculties of Oregon State College, Agricultural and Mechanical College of Texas, University of Michigan, University of Connecticut, and College of St. Teresa, Winona, Minn.

Dr. English received his bachelor of science degree at Oregon State College, his master of science degree at Texas A. and M., and his doctor of philosophy degree in wildlife management and zoology at the University of Michigan.

Dr. English has conducted extensive research in the field of wildlife and has been active in professional organizations, serving as secretary and later president of the Wildlife Society.

CLASSIFIEDS

WANTED

RETIRED PROFESSOR "widower" will share furnished house with a couple and baby. Some restrictions but a good proposition to the right party. Dial 4669 12:15 to 2 p.m.
