## Disabled Korean Vets May Receive Cars

WASHINGTON, Oct. 11—(AP)—Senate passage today sent to the White House a bill under which the government will pay up to \$1600 on the price of automobiles for some disabled Korean war veterans.

The measure also authorizes cars for some World War Two disabled veterans who have not been eligible for them before. If the veteran is unable to operate the car, the payment will be made if he can have it operated in his behalf. Sponsors of the new measure estimated it would make 11,700 additional World War Two veterans eligible for cars.

## Federal Tax Increase OK'd

WASHINGTON, Oct. 11—(P)—A \$5,750,000,000 tax increase providing sharp boosts in individual income and excise taxes next month, and retroactive increases in corporations, was approved today by a Senate-House conference committee.

Although described by committee aides as the second biggest tax increase in the nation's history, it was little more than half the \$10,000,000,000 asked by President Truman.

If finally approved by the House and Senate, the measure will result in a total tax hike of \$15,750,000,000 since the outbreak of the Korean war.

Leaders expect to call up the new bill in the House Tuesday and in the Senate as soon as the House acts on it.

The compromise measure agreed upon today raises the income tax liabilities of most individuals by about 11 1/4 percent, although the percentage varies above and below this figure due to "rounding off" the rates to even numbers in the various brackets.
