

# Moslem Fanatic Kills Pakistani Premier

## Assassin Is Killed By Excited Crowd

KARACHI, Pakistan, Oct. 16—(P)—Prime Minister Liaquat Ali Kahn was assassinated tonight by a Moslem extremist who wanted a holy war with Hindu India.

The assassin, Sher Akhtar, was killed by a mob which surged onto the speaker's platform at Rawalpindi, 30 miles from the seething Punjab's border with disputed Kashmir state. Official sources said the mob caught the killer and "tore him to pieces."

The 56-year-old Liaquat, long a conciliatory influence in the embittered relations with neighboring India, had just started to address a meeting of the Moslem league. He was shot twice at close range, in the chest and head, and died soon after 5 p.m. in a hospital after an operation.

### Pakistan Cabinet To Meet

The Pakistan cabinet was expected to meet at once to consider the dangerous new state of Pakistan-Indian relations that may arise from this newest instance of terrorism in the Moslem world, the scene of 13 such assassinations since early in 1945. Some of the assassinations—notably in Egypt, Iran, Jordan, and Syria—have had far-reaching results in relations with western powers.

Foreign Minister Sir Mohammed Zafrullah Khan, a possible choice to succeed Liaquat as prime minister, hurriedly prepared to come home from United Nations headquarters in New York. Pakistan has no deputy prime minister so it is still uncertain who will succeed Liaquat.

### Armed Police Patrol Area

No disorder was reported in the Moslem nation of 80,000,000 people. But preparations were being made for a hasty funeral here tomorrow.

In Bombay, India, truck loads of heavily armed police began intensive patrols for fear that false reports might set off Moslem-Hindu rioting. False reports that a Moslem assassinated Mohandas K. Gandhi set off murderous attacks against Bombay's 400,000 Moslems in 1948.

## Taft Enters Race For Presidency

WASHINGTON, Oct. 16—(P)—A broadly smiling and apparently confident Robert A. Taft formally threw his hat into the presidential ring today.

The Ohio Senator made the long-expected announcement of his candidacy at a jam-packed, steamingly hot news conference. He predicted the Republicans would nominate him and the voters would elect him to the White House.

## Prof. Reede Named Committeeman

The appointment of A. H. Reede, professor of economics at the College, as east central district committeeman of the Democratic Party in State College was announced yesterday by Centre County chairman Bruce Stover.

Professor Reede was named to fill the unexpired term of Lynn Christy, assistant professor of English composition, who resigned.

## Norway Denies Charge

OSLO, Norway, Oct. 16—(P)—Norway rejected today a Russian charge that her membership in the North Atlantic treaty organization means she is violating the Paris agreement of 1920 which demilitarized the Spitzbergen Island group.

## Cease Fire Talks Still In Deadlock

MUNSAN, Korea, Wednesday, Oct. 17—(P)—Communist and United Nations liaison officers—still miles apart on conditions for resuming the Korean armistice talks—make a seventh effort today to break the seven-weeks deadlock.

After six attempts, the two liaison teams seemed no nearer success Tuesday than when they began discussions one week ago.

However, another meeting was scheduled for 10 a.m. today at Panmunjom, the Communist checkpoint six miles east of Kaesong.

Some Technical Progress Made While the Reds conferred with Allied officers for three hours and 20 minutes Tuesday, the top UN negotiator, Vice Adm. C. Turner Joy, and Air Force Maj. Gen. L. C. Craigie, another truce delegate, flew to Tokyo. They conferred with their boss, Gen. Matthew B. Ridgway.

The official UN spokesman at advanced headquarters, Brig. Gen. William P. Nuckols, said "some progress was made" on technical questions Tuesday. But the big issue remained:

Whether to reduce the old five-mile neutral zone around Kaesong to a "security area" with a 3000-yard radius, to match an equally sized security area around Munsan.

The Communists Tuesday proposed the Munsan security area be enlarged to five miles.

This was unacceptable to the UN command. An official release said "this would increase the area in which (neutrality) violations could occur to about 175 square miles." The UN plan would provide a neutral area of less than 20 square miles.

## Russia Backs Iran In Oil Controversy

NEW YORK, Oct. 16—(P)—Russia lined up with Iran tonight against U.N. Security Council action in the explosive Iranian-British oil controversy and forecast a Soviet veto on compromise proposals calling for resumption of oil talks.

Semyon K. Tsarapkin, acting Soviet delegate, lashed out at any Security Council decision in the case shortly after Iran's aged premier, Mohammed Mossadegh, slammed his open hand down on the council table and rejected a British proposal, or the compromise amendments put up by India and Yugoslavia.

## Riding Club to Meet

The Penn State Riding Club will meet at 7:30 tonight in 217 Willard Hall.

Following the business meeting, movies of the Maryland Hunt Club will be shown.

## Payments From State Due College

Payments to the College by the Commonwealth were reported yesterday to be \$1,950,625 in arrears of state funds due for the quarterly period ending Aug. 31. The figure, given by the Associated Press, represents approximately \$9,500,000 in payments due to state-aided colleges, training schools, and hospitals.

Because of the failure of the state General Assembly to agree on a tax bill, the College has been forced to borrow some \$4,000,000 from banks in order to carry out its obligations. The five-month-old tax battle is a result of differing opinions in the General Assembly on how to balance Gov. John S. Fine's two-year tax budget which calls for \$1,220,000,000.

The legislature is now in recess until Dec. 10.

Payments will be made as soon as the appropriations are provided by the legislature, according to officials in the auditor general's office. The office must approve all payments.

## Fine's Request For Tax Probe Draws Fire

HARRISBURG, Oct. 16—(P)—Gov. John S. Fine's request that four state-aided colleges study the Commonwealth's tax and revenue problems drew criticism from a Democratic senator today.

Sen. Elmer J. Holland (D-Allentown) wrote the Governor that Fine should have made the request to what he termed "more disinterested parties."

Fine recently asked the University of Pittsburgh, the University of Pennsylvania, Temple University, and the Pennsylvania State College, to provide technical assistance and personnel in determining how much money the state needs to raise from taxes for the next two years.

Holland said "it is significant that each one of these institutions receives financial support from the state, therefore, it can be said with propriety that each of these institutions is an interested party in any deliberations with respect to state taxes."

Twenty-one states have okayed a substitute for the 16th amendment which would limit the federal tax rate to 25% of the individual or corporation.

## Reds Take Worst Jet Licking of War

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Wednesday, Oct. 17—(P)—The Red air force Tuesday took its worst jet licking of the war in air combat that matched the savagery of ground fighting along most of the Korean front.

The Fifth air force said U. S. fliers shot down nine Russian-built MIGs and damaged five others in two hot engagements over northwest Korea. It reported only one F-86 Sabre jet damaged in the swirling engagement between 70 U.S. and more than 150 Communist jets.

## Prexy Speaks To 'Y' Group

To live in peace, other nations, races, and cultures must be understood, President Milton S. Eisenhower told a group of 30 laymen and Young Men's Christian Association officials last night at a district services committee meeting of the State YMCA.

Without such understanding, President Eisenhower said, agreements are merely appeasement. It has to be mutual understanding with a free exchange of ideas and persons so that each group can see the problems of the other and be of real mutual aid.

The meetings, which are mainly concerned with the work of the YMCA in smaller towns and rural areas, will continue with discussions today. The sessions held at the Nittany Lion Inn.

Dr. William G. Mather, professor of rural sociology at the College, is chairman of the meetings.

## Tribunal --

(Continued from page two) mester's probation with Tribunal. Fines of \$1 were issued to the four traffic violators, but two were suspended. The cases involved illegal use of a parking permit, double parking, parking in no parking zones and service drives, and driving up on the sidewalk near Simmons Hall.

Three of the traffic offenders brought up matters concerning discourtesy on the part of patrolmen. David Mutchler, Tribunal head, said the reported incidents would be included in the committee's report of action taken on the cases.

## Fraternity Presidents

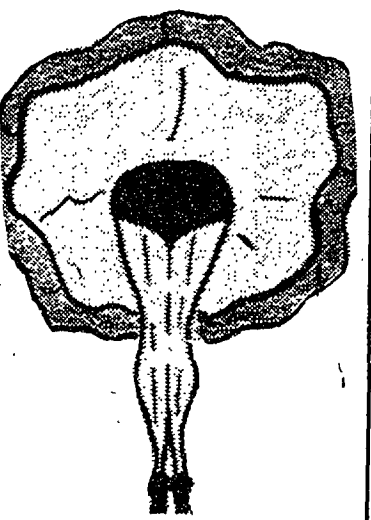

Fraternity presidents will be the guests at this week's Dean of Men's coffee hour to be held today from 4 to 5:30 p.m. in 109 Old Main.

The programs are sponsored jointly by the Dean of Men's office and All-College Cabinet.

The Panama Canal was opened in 1914.
