Mac Says Truman Policy Leads Us Towards Socialism

MIAMI, Fla., Oct. 17—(AP)—Gen. Douglas MacArthur today accused the Truman administration of leading the nation toward socialism and of holding back military power which would win the war in Korea—and thousands of American Legionnaires roared their approval.

MacArthur virtually called for a halt in the cease-fire talks in Korea. He urged the use of greater force against the Reds, and he hinted his belief there may be communist influence in the U.S. effort to help build up western Europe's defenses.

He declared his own opposition had "wrecked the secret plan" to permit Formosa to fall to the Chinese Reds and give Red China a seat in the United Nations. And he voiced fear this plan "is still the over-riding purpose of some of our political leaders."

Freshman Dating To Be Checked

Because of the numerous violations of the freshman regulation forbidding freshman women to date after 5:30 p.m. on week days, Joan Yerger, chairman of the Freshman Customs and Regulations Board, has announced that there will be a closer check made on all freshman dormitory areas.

In particular, the board reminds the women in Thompson Hall that they are not permitted to fraternize with men after 5:30 p.m. This includes the West Dorm Lounge, where there have been many recent violations.

Girls violating this regulation will be asked to appear before the board, at which time, immediate action will be taken.

Nearing completion are the new greenhouses, foundations for the Chemistry Laboratory Building, the addition to the Pattee Library, and the north unit of the Mechanical Engineering Laboratory Building.
